Early College High School

Screening Procedures

Early College High School is designed to provide a four-year college pathway to students who are traditionally underrepresented at four-year universities.

First Level Screening:

Students must meet minimum criteria on the 8th grade winter MAP tests: Math RIT 225 and MAP Reading/Lexile Score of 900 are a first level consideration.
Scores from winter administration of the 8th grade year are considered.

Second Level Screening:

Grades 20%
SC Uniform Grading Scale GPA, determined by 8th Grade Semester 1 Core Academic Classes:, which include Math, Science, English, and Social Studies

Attendance 20%

Discipline 20%

First Generation College Student Status 20%

Other Special Circumstances (at-risk factors) 20%

*Note: This program is designed for students achieving in the middle quartiles.
