Clara Heinsohn chaired the meeting for Annette Gadsen, Chairman. We discussed the importance of completing the literacy survey and having a literacy contact person at each school.

Adrienne Lauder asked the subcommittee to assist the Community of Reader's with their HOME AWARDS. We agreed to help get the information out to the schools and to secure books for the winners.

Also, discussed was our subcommittee's involvement in the City of Charleston's United through Reading initiative, which distributes books to military families.

Tom Widlowski, Interim Community Education Director, indicated his desire to partner with the literacy contacts at each school so to focus on some literacy needs in his after school programs.

Elisha Jackson with the Boys and Girls Club informed us of First Book.org, which offers books for \$.35.
