Hollywood— On Friday, September 11, 2009, C.C. Blaney Elementary School welcomed the staff and crew from Rick Hendrick Imports BMW for the school's Day of Caring event.

Rick Hendrick has been a loyal business partner of C.C. Blaney's for over 5 years. They're not only in the business of selling cars, but giving back to their community. Their partnership has contributed to school-wide initiatives such as school supply drives, career day and "Principal for a Day".

Celebrating 10 years of giving, Trident United Way's Day of Caring event gives members of the community the opportunity to make a personal contribution. Within the Tri-county area, local businesses volunteer their time and hard work towards a service project to benefit community agencies. This year, the team at Rick Hendrick helped create a parenting room for the families of C.C. Blaney. The purpose of this room is to create more opportunities for our parents and to encourage parental involvement. They will be able to study for their GED, search and apply for jobs and access parenting resources.
