Representatives from the U.S. Air Force spoke to 6th graders in the Male Academy at St. Andrew's Middle School as part of the HIS Story Guest Speaker Program. The purpose of this program is to motivate and inspire 11-13 year old males from diverse cultures and socio-economic backgrounds. The program was begun this school year by 6th grade social studies teacher Linda Jenkins. According to Ms. Jenkins, "Speakers share their experience and vision of a successful future through a motivational speech, open discussion and question and answer period." There are approximately 90 young men in the 6th grade classes who are, according to Ms. Jenkins, "yearning for direction and eager to hear" the stories of each guest speaker.
