The Offeror shall attach the market bulletin that served as the basis for the cost and the calculation for this bid and future cost updates. The cost of distribution, financing, and profit, production losses, waste, analyses cost, labor, overhead, and transportation expenses shall be included in the fee.
6. **Manufacturer's Confirmation:** Should a manufacturer's confirmation be used in lieu of an invoice, and the confirmation identifies time and/or quantities, the cost may not be changed until the specified time has expired and/or specified quantities have been purchased by the District. All confirmations used must include the authorized manufacturer signature on manufacturer's company letterhead. In addition, the confirmation must reference the pricing as specifically for Charleston County School District. Failure to provide confirmations on this manner at an up-front, pre-award audit shall be cause for disqualification.
7. **Decimal:** Any mathematical calculation that involves decimals shall be carried only two (2) places in the final extension.

Rebates Bonuses, and other Financial Benefits: All rebates, bonuses, discounts or other financial benefits derived from the procurement process must accrue to the Participating Agency's nonprofit school food service account as defined in 7CFR 210.21(f). Allowable costs will be paid from the nonprofit school food service account to the Contractor net of all discounts, rebates, and applicable credits accruing to or received by the Contractor or any assignee under the Contract, to the extent those credits are allowable to the allowable portion of the costs billed to the Participating Public Agency.

Audits:

Up-Front Audit: Before Contract award, the District will conduct an up-front audit of cost. Adjustments will be made in bottom line based on the results of the up-front audit. An original manufacturer’s signed confirmation will be acceptable documentation for bid pricing received, but not yet purchased. Such confirmations must include the authorized manufacturer signature on manufacturer’s company letterhead. In addition, the confirmation must reference the pricing as specifically for Charleston County School District.

Post Award Audit:

The Participating Agency will notify the Contractor at least four (4) weeks in advance for those items listed as “Additional Items”. In addition, the cost charged by the Contractor must be determined by the Participating Public Agency that it is a competitive and fair price charged for the product and is subject to audit by the Participating Public Agency.

Volume: School year 2019-2020 estimated annual quantity usage for the districts is provided in the Market Basket. Quantities will be delivered over the length of the 2019-2020 school year, not received as a one-time delivery. These quantities estimates and are not a firm commitment of purchases by Participating Public Agencies.

As manufacturers add new items during the Contract period, pricing for these items may be requested. Charleston County School District expects to obtain competitive pricing, which will be confirmed by the Procurement Official through market research and analyses.

Delivery Time: All orders placed on this Contract by the District will require delivery of goods once a week between the hours of 7:00 am and 1:30 pm to schools within the District.

A written schedule for ordering and delivery for each of the schools will be established and mutually agreed upon by the District and the Contractor within five (5) working days after the date of award.

Participating Public Agencies will work with the Contractor's local distributor to establish delivery windows applicable to the Participating Agency.

Delivery Conditions: Deliveries shall be made to each of the schools in the District on a regularly scheduled basis every week, Monday through Fridays, except school holidays and closing days (due to inclement weather). All schedules for deliveries will remain constant throughout the duration of the Contract. The Contractor and the District must mutually agree upon any changes to the schedule.

"Domestic commodity or product" is defined as one that is produced in the United States and over 51 percent of the final processed product consists of agricultural commodities that are grown domestically. By submitting a bid to this BVB, Offeror agrees to adhere to the Buy American Provision.

Product to Be Supplied: Should a condition arise where the product originally contracted can no longer be supplied by the Contractor, application for substitution another brand under the Contract at an equal or lower price must be submitted to the Director and upon the Director's approval, the substitution will be allowed. Substitution of product not approved by the Director may result in the cancellation of the Contract. Requests for substitutions and out of stock items should be kept to a minimum. Repeated requests

for substitution of product originally proposed in this Contract may be grounds for prohibiting the District from considering the Contractor in future solicitations.

Out-of-Stock Conditions: Successful Contractor must deliver a product of equal or superior quality to the out of stock item and item must be delivered at a price equal to or lower than the Contract price. The Director must be notified at least 24 hours in advance of out-of-stock condition and the Director must approve the product being replaced. The Contractor shall be responsible and liable for the difference in the cost between the amount paid for the substituted product and the amount, which would have been paid, had the product been delivered.

Product Requirements:

1. **Product Protection Guarantees:** The District has "automatic" product protection recourse against suppliers for products that are misrepresented. According to federal regulations, the supplier whose name and address appear on the package is the responsible party. Contractors are expected to take immediate action to correct any situation in which product integrity is violated.
2. **Import Products:** Products which are canned or packed outside of the United States may be accepted with proof from manufacturer that poor market conditions exist (weather, and/or supply availability of market). Please note this applies to "private labels" as well as other labels. Products acceptable from outside USA are pineapples, Mandarin oranges, olives, tuna, and coffee.
3. A product identification is in itself sufficient, in the case of generic items, such as sugar. Private label products for beef, poultry, pork, fish, spices & flavoring may be accepted as approved products only when the following conditions are met:
 - A. The retail product must be designated as an approved product in the Market Basket.
 - B. The private label and retail product must be prepared at the same plant and the establishment number must be included in the Market Basket.
 - C. A letter signed by an official from the manufacturer stating the private label product is the identical product as the retail product.
4. **Unacceptable Brands:** The District may specifically designate any brand as unacceptable even if blanket approval is implied. This is done by stating that "X" brand is unacceptable.

Error in Bid: In case of an error in the price extensions the unit price will govern.

Non-Appropriations: Any Contract entered into by the District resulting from this IFB shall be subject to cancellation without damage or further obligation when funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year or appropriated period.

Taxes: Food and certain non-food items purchased under this Contract by the District are not subject to State and Federal Taxes. The tax exemption certificate will be furnished upon request.

Procurement: The procurement herein is written to comply with all federal, state and local procurement laws, including no application of the State's Resident Vendor Preference to the SCEP and USEP Preferences. The applicable federal procurement laws are contained in 7 CFR Part 3016 and 7 CFR Part 3019.

Omit Taxes from Price: Do not include any sales or use taxes in your price that the District may be required to pay.

Terms of reference specific to product identification

- A. **IMPS:** the National Association of Meat Purveyors developed Institutional Meal Purchase Specifications (IMPS). The packer must be willing to certify to the Contractor and user that the product meets the IMP specifications. These specifications standardize various fresh meat cuts or combination products for purposes of trade identification as to how they are cut, trimmed, ground, mixed, blended and the state refrigeration required, i.e., chilled or frozen.

Formulas: The following formulations of products apply to the identification utilized in this bid:

Wieners:

- Formula A - beef and pork (in any combination)
- Formula B - beef, pork (beef is predominant)
- Formula C - pork, beef (pork is predominant)
- Formula D - beef

No product containing dry milk solids will be approved.

Bologna:

- Formula A - beef and pork (in any combination)
- Formula B - beef, pork (beef is predominant)
- Formula C - pork, beef (pork is predominant)

Smoked Sausage:

- Formula A - pork
- Formula B:- pork, beef (pork is predominant)
- Formula C:- beef, pork (beef is predominant)
- Formula D:- beef & pork plus any one or any combination of beef tripe, beef heart meat, beef tongue meat, and pork tongue meat.

- B. **Vegetable Protein Products (VPP):** The initials VPP are used herein to refer to Textured Vegetable Midland Company. The ratio of meat to VPP is referred to as percent meat (fresh) with VPP, rather than percent VPP, because the industry is to use this more accurate description. Items that contain VPP must carry on the main face of the label the following statement; "This item contains Vegetable Protein Product(s) which are authorized as an alternate food in the "Child Nutrition Programs." If product has CN label then the VPP Statement is not required.
- C. **Breeding of Meat and Poultry Products:** Identifications as listed for meat and poultry require twenty-five percent (25%) breeding at time of pack. Federal regulations require that breeding (for meat and poultry) cannot exceed thirty percent (30%) without modifying the name of the product. Packers of breaded meat and poultry products normally will certify that breeding at time of pack will range between twenty-four percent (24%) and twenty-eight (28%). Thus, twenty-five (25%) means "normal". Contractor is required to furnish dated certificates from packers showing the packer's specifications on range of breeding. If a product has a CN label, then a breeding certificate is not required.
- D. **Fish Inspection and Grading:** Fish as identified herein must bear the PUFU (packed under Federal Inspection) Shield or USDA Grade Shield.
- E. **IQF:** The term "Individually Quick Frozen," or IQF, essentially means that the parts can be removed individually from packages. The term "quick" means frozen "at the time" in a freezer tunnel; wither by air blast, nitrogen or carbon dioxide.
- F. **CN Label:** When a product is CN (Child Nutrition) labeled, it is "certified" by the packer to conform to the nutritional requirements of the USDA Food and Nutrition Service (FNS). The label shows the contribution made by a given amount of product toward meal requirements. Product information will be submitted with IFB bid.

This information will include;

1. Manufacturer name and product code,
2. General description of product,
3. Portion or serving size and number of portions per case,
4. Is the product frozen, refrigerated or shelf stable, shelf life,
5. Cases per pallet (TI x HI),
6. Preparation and cooking instructions,

7. CN (child nutrition) documentation,
8. Ingredient listing,
9. Nutrition information,
10. Allergy information,
11. Meal contribution facts to include meat contribution and bread/grain ounce equivalency

USDA issues nutrition standards for all foods sold in school as required by the Healthy Hunger Free Kids Act of 2010. The nutrition standards are available at <https://www.fns.usda.gov/school-meals/nutrition-standards-school-meals>. Full details about regulations affecting school meals may be found at: <http://www.gpo.gov/fdsys/pkg/FR-2012-01-26/pdf/2012-1010.pdf>. All items Offeror proposes must conform to the standards published in the USDA Food Buying Guide for NSLP.

- G. **Grades:** The grades specified herein for fruits, juices and vegetables refer to "Packer Grades" except as specifically indicated otherwise. Packer grades, offered by major buying groups, have proven reliable over the years in that these groups utilize USDA standards. Packer grades are designated by color codes or brand names as shown in the accompanying chart.
- H. **Standards of Identity:** All products must conform to U.S. minimum standards requirements. If not, the supplier (packer) is in violation of the Contract with the District and with the Federal Food and Drug Administration and/or Federal Trade Commission.
- I. Expanded Product and Nutrition Information:

Upon request, the Contractor must assist in providing to the District and Participating Public Agencies product information to include, but not limited to;

- Manufacturer name and product code
- General description of the product
- Portion or serving size and number of portions per case
- Is the product frozen, refrigerated or shelf stable
- Product shelf life
- Cases per pallet (TI X HI)
- Preparation and cooking instructions
- Documentation of CN information
- Ingredient listing
- Nutrition information
- Allergy information

Three (3) important federal regulations pertaining to canned foods are listed below. These and other federal and state regulations are automatically part of bid requirements.

1. **Net Container Quantity** - The minimum net quantity of all products in cans and jars shall be in accord with Section 401 of the Federal Food, Drug and Cosmetic Act regarding the individual specifications for standard of fill for the product as prescribed in 21 CFR Part 100-169.

2. **Fill of Containers** - All products shall be filled as full as practical under good commercial packing practices without impairment of quality and otherwise in accord with Section 401 of the Federal Food, Drug and Cosmetic Act, regarding individual specifications for standards to fill (21 CFR Part 10-169).

3. **Drained Weights** - Drained weight of "wet pack" items shall conform to good industry practices and the minimum requirements of the Federal Food, Drug and Cosmetic Act for drained weight, as prescribed in the individual specifications for each product in 21 CFR Part 100-169. Except for whole tomatoes, drained

weight is not a factor of USDA grade. The USDA standards indicate recommended drained weights for certain items in which case these standards.
