8. NUTRITION

Good nutrition is vital to children's overall development and well-being. In an effort to provide the best possible nutritional environment for children in our program and encourage the development of good eating habits, the Expanded Learning Program has developed the following nutrition policy. We will:

- follow the child care nutrition guidelines recommended by the USDA and CACFP (Child and Adult Care Food Program)
- follow CCSD Nutrition Standards, which meet federal standards
- limit sweet food items to two (2) times per week (or less)
- not use food as a reward or punishment
- not serve sugar-sweetened beverages

9. PHYSICAL ACTIVITY

Expanded Learning recognizes the importance of physical activity for young children. All staff will adhere to the policies below to ensure all students are supported and encouraged to engage in a variety of age-appropriate active play.

- Counselors will encourage children to be physically active indoors and outdoors at appropriate times in an appropriate manner.
- Staff will interact and engage with the children during all play to promote safety, good decision-making and active play.
- Counselors will facilitate indoor/outdoor learning centers which promote physical activity, healthy lifestyles, safety, cooperation and healthy social interactions.
- Staff will never use physical activity or exercise as punishment, e.g. doing push-ups or running laps.
- Staff will provide a minimum total of 20 minutes of planned physical activities daily for children 3 years and older.
- Half Day Program (4 hours or less) will have outdoor play for preschool and school age children for a minimum range of 30–45 minutes.
- The program's schedule includes daily, active outdoor play for all children and provides a variety of indoor/outdoor play material to promote physical activity. If outdoor time is decreased due to inclement weather, indoor activity time will be increased to assure the total amount of physical activity remains the same.

- Caregivers are informed of their role in encouraging children to be physically active indoors and outdoors at appropriate times and in appropriate ways. _____ Initials

14. DISCIPLINE

The staff of Expanded Learning is expected to respect the dignity of the children and conduct themselves as adult role models. The program does not use any strategy that hurts, shames, or belittles a child. The program does not use any strategy that threatens, intimidates, or forces a child. Physical contact in disciplining a child is avoided unless it is necessary to restrain a child from harming himself or another.

Corporal punishment is not allowed. The program does not permit the use of food as a reward or punishment. The program does not use or withhold physical activity as a means of punishment.

When correcting a child's behavior, the staff verbalizes and demonstrates to the child what should be said or done rather than focusing on the unwanted behavior. The staff also explains the reasons for the rules children are asked to follow. School rules are in effect during the Expanded Learning programs. The children are expected to respect the staff and each other.

If the staff is unable to resolve on-going or serious behavior issues (such as aggressive, abusive, disturbing, or destructive acts), the Site Coordinator will discuss the problem with the parents to establish a plan for dealing with the problem. If the child's behavior does not change in a reasonable length of time, the Site Coordinator will inform the parents and will schedule a conference. If the problem cannot be resolved, the Site Coordinator will give the parents a notice of dismissal from the program.

I have read and choose to comply with the contents of the policies of the Expanded Learning Program, including those pertaining to emergency transportation and medical treatment, inclement weather, field trips, swimming and discipline.
