

Demolition of the Former C.E. Williams MS

PROJECT TEAM

Construction Management:

Cumming

Project Manager:

Robert Bryant

Site Manager:

N/A

Architect:

LS3P

General Contractor:

IPW Construction Group

PROJECT COMPLETE

The scope of the project includes the completed demolition of the former C.E. Williams Middle School, built in 1968, located at 640 Butte St, Charleston, SC 29414. The new C.E. Williams Middle School is located at 3090 Sanders Rd, Charleston, SC 29414, near the West Ashley High School campus. This new state of the art middle school has been proudly serving the community since August 2020.

Prior to the former C.E. Williams Middle School demolition project, there was an unsafe shortcut through the school's campus. The site has been fenced off for safety purposes, and the neighbors have been notified to use the correct road on Butte St, approved by the SC Department of Transportation.
