

## Service Distinction Leadership Project Details

1. Create a service project that you would like to lead. You may work with up to three other students if you are doing a significant project that requires more than one person. Please define detailed roles and responsibilities that each of the leaders will take on throughout the project.
2. Find a teacher who is willing to supervise your work. If you are working with an existing organization in the community (like Habitat for Humanity, or Lowcountry Food Bank), you must contact them, and arrange for someone in that group/nonprofit/organization to supervise your work.
3. Complete the attached application and submit it for approval to the SOA Credential Committee (via Ms. Mahoney).
4. Once approved, you are expected to get other students from SOA involved in your project. You must advertise your project via posters, and/or announcements at school, on the school website, high school google classroom page or through facebook. Documentation proving advertisement should be submitted to the SOA Credential Committee.
5. On the day(s) of the project, take pictures/video of the group you recruited to help, along with pictures of them doing the work.
6. Complete and submit a service project report to the SOA Credential Committee (via Ms. Mahoney) on or before the due date for service logs. Your report should detail project parameters, benefits to the community as a result of the project, and should include all the evidence required above (photos, videos, flyers, etc.).
