

AP US History Summer Assignment:

Greetings! I am excited to welcome you to AP US History—a course that explores the events, people, and developments that have shaped the nation around us. While we will participate in fun simulations (Constitutional Conventions complete with wigs, a WWI Trench Warfare Day, and more!), there is a pretty hefty load of out of class work that is necessary for us to tackle on the content you are responsible for knowing on the AP Exam in May. To that end, my hope is that you assess your readiness through these two assignments. This would be a typical homework assignment and in class assignment for this class on top of weekly readings. If this is not something you are interested in or have space for in your life—then success in this course will be tricky. Please complete the following and have it printed and ready for Day 1 of class in August.

Step One: Listen to [this 20 minute screencast lecture](#) on the Native American tribal groups before European arrival.

Step Two: Print and complete [the corresponding Guided Notes sheet](#). (Linked here and attached on the next pages) Be as detailed and specific as possible. If you would like to take additional notes of your own, you are welcome to—but your guided notes questions must be fully answered for credit.

Step Three: Watch Heimlers History [LINKED HERE](#) and answer the questions [LINKED HERE](#). (Print and turn in on the First Day).

I look forward to a great and productive year with you!

Mr. Miller
