Title I Crate: Parent Suggestion Box

Date: August 21, 2019

In an effort to provide our staff, parents, and community the ability to make comments and suggestions about our school to enhance academic improvement and school climate, a suggestion box is located in the main office. Please provide feedback by June 8, 2020.

Thank you,

Jeremy Carrick, Principal

Information on these procedures are shared with parents at Title I parent meetings and provided in the Student-Parent Handbook, annually.

R.B. Stall High School

Procedures for Responding to Parent Suggestions:

Parents are encouraged and invited to provide suggestions on all areas of school life at R.B. Stall High School. You can send directions to our principal and administration using the CCSD email accounts or write a note to your child's Tribe Time teacher. The Tribe Time teacher will then submit the suggestion to the main office for administration.

Once your suggestion is received it will be handled in one of several ways:

1. If the suggestion relates to your specific student, an administrator will contact you to discuss the recommendation and possible follow up within 24 hours. Any decisions or next steps determined between the administrator and the family will then be followed up on, as agreed in that conversation.
2. If the suggestion relates to school-wide procedures or activities, the suggestion will be discussed and shared at the next planned meeting of both the school's Leadership team (faculty/administration) and

Title I/SIC/PTSA parenting council. Following that meetings, a board member will contact the parent regarding the status of the suggestion and possible next steps.
