

WILDLIFE WITH MRS. WICKER

A Collection of Fun Farm and Wildlife Videos and Activities

GOAT KEEPING

Young Ms. Wicker has a farm, E-I-E-I-O! Check out her really cute goats by clicking here! Then, learn more about goats through PebbleGO.

BEE KEEPING

Have you ever seen a swarm of bees? Would you like to try and catch a swarm of bees!? Check out this video of a swarm of bees Mrs. Wicker hopes to catch and keep in her hive. Use PebbleGo to learn more about honeybees or read one of these eBooks about honeybees.

STINGRAYS!

No, Mrs. Wicker doesn't farm stingrays, but she did see a cool stingray and was able to get a video of it for you to see. Learn more about stingrays on PebbleGo!
