I understand the following information regarding an earned credit for QUARTER RECOVERY: The student must master the South Carolina Core Curriculum Standards for the courses in which he/she is enrolled. Successfully completing the Quarter Recovery program will allow the student to replace the failing quarter grade with a grade of 60. The student’s transcript will then reflect a grade of **60** for that quarter. Students must be in attendance each day. This seat time may also count as make-up time for missed class time. Any discipline infraction may result in dismissal from the program. Upon the third discipline infraction, the student will automatically be removed from the Quarter Recovery program. **I understand that no money will be refunded if the student does not successfully complete all requirements for this Quarter Recovery program to replace his/her grade with a 60 within the allotted time period.**
