Focus/Description

The Military Magnet Academy is committed to meeting individual student needs through academics, athletics, career and technology experiences, and extracurricular activities. Our mission is to achieve academic excellence, develop citizenship, and promote self-discipline through a military environment. The academic program develops the whole person by providing a foundation for attaining success in today's ever-changing world of technology. 7th and 8th-grade students are encouraged to take high school credit classes. High school students are asked to take the most rigorous courses to prepare them for post-secondary college and/or career pathways. MMA provides our 6th-12th grade students a family atmosphere and educational opportunities that are important, relevant, and engaging with the intention of instilling leadership skills that will positively impact our community, our nation, and our world.

Potential candidates will participate in an interview process prior to entering MMA. Note: Candidates are required to attend and successfully complete a multi-week camp, usually offered in the summer, to gain full admission to MMA.
