At Jerry Zucker Middle School of Science our dedicated educators ensure that students receive a robust foundation in ELA and Math, fostering strong literacy and numeracy skills that are essential for their future success. We also understand that each student has unique needs. That's why we offer a daily flex period, providing remedial assistance for those who need extra support and enrichment for those who crave additional challenges.

We take pride in our innovative S.T.E.A.M. program, where Science, Technology, Engineering, Arts, and Math intertwine with our core curriculum. This program not only promotes creativity but also prepares students for the dynamic world of the 21st century. At Zucker Middle School, we believe in pushing the boundaries of education, which is why we offer several high school credit-bearing classes for 8th graders. This not only accelerates their learning but also gives them a head start in their high school journey.
