Scholarships

Coastal Community Foundation awards hundreds of thousands of dollars in scholarships to regional students each year, made possible by donors committed to improving access to education in our communities. Some funds have been set up for students from specific areas, who are studying specific subjects or at certain academic institutions. Others are more general and therefore can be more competitive. Each year, we aim to net as many applications as possible from regional students who qualify for these opportunities. We've created streamlined methods to make it as simple as possible for students to review, research and apply for scholarships.

Scholarships for Current High School Seniors

All scholarships available to college-bound high school seniors.
