

## **Mission**

It is the mission of Every 1 Voice Matters to provide the educational tools to kids living in low-income and disadvantaged communities who stutter, have low self-esteem, lack self-confidence, are bullied, or dealing with situations that may hinder them from becoming the best version of themselves.

## **Vision**

Our vision is to have a world where all children have the knowledge, tools, and skillset to navigate all communicative and social barriers while improving their quality of life.

We will achieve our vision by promoting the development of fluency, developing proper communication skills, providing coping skills while building proper speech techniques as well as self-esteem and self-confidence for children who stutter or children who are dealing with setbacks that prevent them from being the best they can be.

We want to empower children through community awareness and development, reading, tutoring, counseling, and mentoring. We will provide the necessary resources for children with

social and communicative barriers through education, community outreach programs, children book series and events.

## **K-5 Curriculum**

Every 1 Voice Matters and its founder, Sherricka Myers has developed a program that consists of:

- An online animated series where kids can learn to pronounce, spell, and demonstrate new words.
- A children's book series with its first published book "Herbie's New Home" and now "Herbie Goes To School", in both English and Spanish.
- The C.L.A.S.S. (Core Life & Academic Social Skills) School Assembly Program
- Mentorship

We are also in the process of developing a learning app that will help the students when they are not in the classes with our instructors or when they want to practice at home.

## **Every 1 Voice Matters Enrichment Academy**

Every 1 Voice Matters Enrichment Academy is a multi-prong approach and summer program with a mission to promote Holistic Wellness. The academy incorporates financial literacy, speech, physical and mental health & wellness, and career readiness while issuing extracurricular opportunities and individualized mentorship. The academy additionally includes STEM with the insertion of education and activities. The academy includes a multitude of partnerships that consist of diverse delivery services to appeal to each child's receptor.

Every 1 Voice Matters Enrichment Academy is the solution to ensuring our children will continue progressing with intentional multi-tiered instruction year-round serving children ages 5 to 13.

### **Academy Objectives**

- Improve our kids' reading & math rates
- Improve our kids' self-esteem & self-confidence
- Mentorship
- Implement financial literacy
- Issue speech support with experts and pathologists
- Enter school district partnerships during school and summer months
- Help kids build self-love
- Encourage career exploration
- Increase mental health status

- Homework assistance

Participants in Every 1 Voice Matters Enrichment Academy program will demonstrate educational and social benefits and exhibit positive behavioral changes.

Every 1 Voice Matters Enrichment Academy will develop after-school activities and educational opportunities that consider the best practices identified through research findings and other data that lead to high-quality enrichment opportunities that positively affect student outcomes.
