

Application to Provide Services to CCSD

The American Rescue Plan (ARP) Act of 2021 authorized the Elementary and Secondary School Emergency Relief (ESSER) Fund to provide substantial relief to students and educators who have been profoundly affected by COVID-19.

From the ESSER Fund, the US Department of Education (US ED) issued \$2,112,051,487 to the South Carolina Department of Education (SCDE) to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the COVID-19 pandemic. These funds will enable the SCDE and school districts to support students who have been most severely impacted by the COVID-19 pandemic and are likely to have suffered the most because of longstanding inequities in our communities that have been exacerbated by the pandemic.

CCSD will receive \$163,231,134 through September 2024 for activities under ESSER III. Surveys and stakeholder outreach indicated that the top 6 priorities for activities should address:

1. Needs of low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care
2. Learning loss
3. Summer learning and afterschool programs
4. Mental health services and support for students
5. Educational technology for students
6. Improve indoor air quality in schools

High quality, evidence based activities provided to the school district by established Community-Based Organizations (CBOs) is both an allowable and recommended use of these funds. CCSD intends to contract with CBOs to support students in our school district. Interested CBOs may submit a proposal detailing services they propose to provide to CCSD. Proposals should a) reflect a detailed funding request, b) exclusively support CCSD students and their families, c) address priority #1 above and at least of one the other top 6 priorities, d) identify measures of success and, e) reflect a strategy of enduring impact beyond the term of the ESSER III program.

The deadline for proposal submission is October 11, 2021. If you have any questions or concerns regarding this form, please contact us at partnerships@charleston.k12.sc.us.

Program Information

Please describe how you offer the program/service to students.

Vision: State your intended outcome of the partnership for the future

By partnering with CCSD we will setting our youngest and most vulnerable students and families with the resources and tools that they need to build a solid foundation in the area of mathematics.

Mission: Describe what you'll do and who you do it for under this partnership

Under this partnership I will provide learning kits, professional development and family engagement workshops to the pre-k and kindergarten students of CCSD. This partnership will be ongoing, teachers and families will have access to the program and services both online and in person.

Impact: Briefly describe the intended impact your plans for this partnership in meeting the academic, social, emotional, and mental health needs of students who have been most severely impacted by the pandemic in the Charleston County School District.

The goal of the kindergarten kounts® program is to build a strong math foundation for 4 and 5 year olds while providing the teachers and families with the same tools and resources to support learners at home. Our program is based on the "confidence before content" model that we have created. This model focuses on using daily affirmation cards and statements to meet the social emotional needs of the learners and the adults that lead the learning.

Program Impact

Student Impact

What is the impact of your program based on data?

- An independent evaluation (research study) has found our program to have a STRONG impact
- Our organization's data has found our program to have a STRONG impact
- Our organization's data has found our program to have a MODERATE impact
- Our organization does not have data to determine impact
- Other:

How will you measure the success of your proposal if implemented?

I would measure the data by providing pre and post assessments, leading focus groups with families and teachers, have conversations with the learners about how the program is meeting their needs, use photo and video submissions to assess student learning and lead workshops to teach families and teachers how to facilitate the learning.

If you would like to share recent outcomes data, please upload a very brief executive summary.
