

Application to Provide Services to CCSD

The American Rescue Plan (ARP) Act of 2021 authorized the Elementary and Secondary School Emergency Relief (ESSER) Fund to provide substantial relief to students and educators who have been profoundly affected by COVID-19.

From the ESSER Fund, the US Department of Education (US ED) issued \$2,112,051,487 to the South Carolina Department of Education (SCDE) to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the COVID-19 pandemic. These funds will enable the SCDE and school districts to support students who have been most severely impacted by the COVID-19 pandemic and are likely to have suffered the most because of longstanding inequities in our communities that have been exacerbated by the pandemic.

CCSD will receive \$163,231,134 through September 2024 for activities under ESSER III. Surveys and stakeholder outreach indicated that the top 6 priorities for activities should address:

1. Needs of low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care
2. Learning loss
3. Summer learning and afterschool programs
4. Mental health services and support for students
5. Educational technology for students
6. Improve indoor air quality in schools

High quality, evidence based activities provided to the school district by established Community-Based Organizations (CBOs) is both an allowable and recommended use of these funds. CCSD intends to contract with CBOs to support students in our school district. Interested CBOs may submit a proposal detailing services they propose to provide to CCSD. Proposals should a) reflect a detailed funding request, b) exclusively support CCSD students and their families, c) address priority #1 above and at least of one the other top 6 priorities, d) identify measures of success and, e) reflect a strategy of enduring impact beyond the term of the ESSER III program.

The deadline for proposal submission is October 11, 2021. If you have any questions or concerns regarding this form, please contact us at partnerships@charleston.k12.sc.us.

Program Information

Please describe how you offer the program/service to students.

Vision: State your intended outcome of the partnership for the future

To add value by giving young people the ability to work in a collision repair shop environment to get a better understanding of the value classroom education brings to skill / trade work.

Mission: Describe what you'll do and who you do it for under this partnership

Ascues Paint and Body will provide a safe work space for young students that attend Charleston County Schools to observe ask questions and engage the skills and trades of automotive body repair.

Impact: Briefly describe the intended impact your plans for this partnership in meeting the academic, social, emotional, and mental health needs of students who have been most severely impacted by the pandemic in the Charleston County School District.

The intended impact of this partnership opportunity will focus on the value of classroom education and the connection to the skill trade of collision repair industry and the many areas that it could help students to grow: Socially and emotionally this opportunity will give CCSD students a skill in society which can be used not only in the collision repair industry but other industries such as manufacturing, welding, painting resurfacing and machine operation. As students grow they need experiences to reach and enhance their social emotional and mental health needs. If this program is executed properly there is a good chance many of these needs could be met by students that otherwise would not have this opportunity.
