

Application to Provide Services to CCSD

The American Rescue Plan (ARP) Act of 2021 authorized the Elementary and Secondary School Emergency Relief (ESSER) Fund to provide substantial relief to students and educators who have been profoundly affected by COVID-19.

From the ESSER Fund, the US Department of Education (US ED) issued \$2,112,051,487 to the South Carolina Department of Education (SCDE) to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the COVID-19 pandemic. These funds will enable the SCDE and school districts to support students who have been most severely impacted by the COVID-19 pandemic and are likely to have suffered the most because of longstanding inequities in our communities that have been exacerbated by the pandemic.

CCSD will receive \$163,231,134 through September 2024 for activities under ESSER III. Surveys and stakeholder outreach indicated that the top 6 priorities for activities should address:

1. Needs of low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care
2. Learning loss
3. Summer learning and afterschool programs
4. Mental health services and support for students
5. Educational technology for students
6. Improve indoor air quality in schools

High quality, evidence based activities provided to the school district by established Community-Based Organizations (CBOs) is both an allowable and recommended use of these funds. CCSD intends to contract with CBOs to support students in our school district. Interested CBOs may submit a proposal detailing services they propose to provide to CCSD. Proposals should a) reflect a detailed funding request, b) exclusively support CCSD students and their families, c) address priority #1 above and at least of one the other top 6 priorities, d) identify measures of success and, e) reflect a strategy of enduring impact beyond the term of the ESSER III program.

The deadline for proposal submission is October 11, 2021. If you have any questions or concerns regarding this form, please contact us at partnerships@charleston.k12.sc.us.

Program Information

Please describe how you offer the program/service to students.

Vision: State your intended outcome of the partnership for the future

The intent is to continue to develop programs to support academic and athletic programs for the children and youth of the Snowden Community Center and surround communities.

Mission: Describe what you'll do and who you do it for under this partnership

"Our desire is to consistently provide programs which will educate, support and train children, youth, and families.

Our project goals include our computer lab for educational programs, athletics, and structural enhancement to our community center."

Impact: Briefly describe the intended impact your plans for this partnership in meeting the academic, social, emotional, and mental health needs of students who have been most severely impacted by the pandemic in the Charleston County School District.

Our summer 2021 Summer Let's Play Enrichment program was fortunate enough to have an assess at the tune of a CCSD teacher. She performed educational assessments (math and writing) on each student. The assessments revealed that close to half if not greater than half of the attendees were performing at a level below their grade level.

Additional Comments

Is there anything else that you'd like to share?

Our Snowden Community Civic Association is a community which has a history of being challenged when it comes to funding requests as a result of our community being located in Mt. Pleasant. We have community members who qualify for Title 1 resources yet they miss opportunities as a result of the school's which they attend not being Title I schools.

If our community is a recipient of the funding we will be able to extend that which we began this past summer 2021 to a year long program. As stated earlier, we have identified via an assessment by a certified teacher, that many of our community students have academic deficits. The funding would allow us to provide the much needed materials, staffing stipends, facility necessities, marketing and all that the submitted budget denotes. What is denoted on the budget is base on the low end estimates combined with our expenses during our summer 2021 enrichment program. This would at least allow for a solid start, for we are submitting other funding resources so that we may consistently meet the academic needs our children and youth (increasing their math and writing test scores) during the entire year.

We thank you for this opportunity to be included in this process.

Thank you for completing the CCSD ESSER III Program Partner Application. Your responses will be reviewed and you will be contacted if the team has questions or would like more information.

If you have any questions, please email partnerships@charleston.k12.sc.us or call (843) 937-6303. Thank you!
