

# Application to Provide Services to CCSD

The American Rescue Plan (ARP) Act of 2021 authorized the Elementary and Secondary School Emergency Relief (ESSER) Fund to provide substantial relief to students and educators who have been profoundly affected by COVID-19.

From the ESSER Fund, the US Department of Education (US ED) issued \$2,112,051,487 to the South Carolina Department of Education (SCDE) to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the COVID-19 pandemic. These funds will enable the SCDE and school districts to support students who have been most severely impacted by the COVID-19 pandemic and are likely to have suffered the most because of longstanding inequities in our communities that have been exacerbated by the pandemic.

CCSD will receive \$163,231,134 through September 2024 for activities under ESSER III. Surveys and stakeholder outreach indicated that the top 6 priorities for activities should address:

1. Needs of low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care
2. Learning loss
3. Summer learning and afterschool programs
4. Mental health services and support for students
5. Educational technology for students
6. Improve indoor air quality in schools

High quality, evidence based activities provided to the school district by established Community-Based Organizations (CBOs) is both an allowable and recommended use of these funds. CCSD intends to contract with CBOs to support students in our school district. Interested CBOs may submit a proposal detailing services they propose to provide to CCSD. Proposals should a) reflect a detailed funding request, b) exclusively support CCSD students and their families, c) address priority #1 above and at least of one the other top 6 priorities, d) identify measures of success and, e) reflect a strategy of enduring impact beyond the term of the ESSER III program.

The deadline for proposal submission is October 11, 2021. If you have any questions or concerns regarding this form, please contact us at [partnerships@charleston.k12.sc.us](mailto:partnerships@charleston.k12.sc.us).

Please describe how you offer the program/service to students.

Vision: State your intended outcome of the partnership for the future

The intended outcome of a CCSD and Maxim Healthcare Staffing partnership would be to successfully raise the number IEPs being met, nursing hours, and mental/behavioral support for the students of Charleston County School District by providing quality professionals to fill the job vacancies of the district.

**Mission:** Describe what you'll do and who you do it for under this partnership

The purpose of Maxim's plan is to successfully execute a consistent, compliant, and continuous fill for the Special Education Direct & Related positions CCSD requires. Further, our plan's purpose extends to the utilization of established, internal operational mechanisms that address those staffing/statement of work variables that are distinct to school districts and exceptional education needs.

Maxim's overall approach is to create and maintain a pool of Special Education Direct & Related personnel who are ready for assignment and placement within CCSD schools in order to fulfill the expressed contract requirements. Maxim will be placing a special emphasis on adding to an existing pool of professionals with experience providing care within schools. We will grow this pool through a targeted, locally sourced, and ongoing recruitment campaign. . Maxim's local Greenville staffing office will be continually recruiting for the required positions to ensure our services are delivered promptly and the positions consistently and continually filled.

---

**Impact:** Briefly describe the intended impact your plans for this partnership in meeting the academic, social, emotional, and mental health needs of students who have been most severely impacted by the pandemic in the Charleston County School District.

The impact would be to aide students in their academic, social, emotional, and mental health success. This would free students from the barriers the unequally prevent some from succeeding and some from failing due to the dramatic effect this pandemic has caused.
