

Application to Provide Services to CCSD

The American Rescue Plan (ARP) Act of 2021 authorized the Elementary and Secondary School Emergency Relief (ESSER) Fund to provide substantial relief to students and educators who have been profoundly affected by COVID-19.

From the ESSER Fund, the US Department of Education (US ED) issued \$2,112,051,487 to the South Carolina Department of Education (SCDE) to support schools in safely reopening and sustaining safe operations of schools while meeting the academic, social, emotional, and mental health needs of students resulting from the COVID-19 pandemic. These funds will enable the SCDE and school districts to support students who have been most severely impacted by the COVID-19 pandemic and are likely to have suffered the most because of longstanding inequities in our communities that have been exacerbated by the pandemic.

CCSD will receive \$163,231,134 through September 2024 for activities under ESSER III. Surveys and stakeholder outreach indicated that the top 6 priorities for activities should address:

1. Needs of low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care
2. Learning loss
3. Summer learning and afterschool programs
4. Mental health services and support for students
5. Educational technology for students
6. Improve indoor air quality in schools

High quality, evidence based activities provided to the school district by established Community-Based Organizations (CBOs) is both an allowable and recommended use of these funds. CCSD intends to contract with CBOs to support students in our school district. Interested CBOs may submit a proposal detailing services they propose to provide to CCSD. Proposals should a) reflect a detailed funding request, b) exclusively support CCSD students and their families, c) address priority #1 above and at least of one the other top 6 priorities, d) identify measures of success and, e) reflect a strategy of enduring impact beyond the term of the ESSER III program.

The deadline for proposal submission is October 11, 2021. If you have any questions or concerns regarding this form, please contact us at partnerships@charleston.k12.sc.us.

Your Organization

Please indicate which best describes your organization:

- I am an existing partner with CCSD.
- My organization would like to become a CCSD partner.
- Other:

Type of Organization

- Nonprofit (501c3 status)
- College/University
- Governmental Agency
- For-Profit Business
- Other:

Name of Program (if applicable)

If your organization provides a specific program, write the program name here. Otherwise, write N/A.

Cwaterstreet@originatinghope.page

Point-of-Contact Telephone Number

8438224302

Program Information

Please describe how you offer the program/service to students.

Vision: State your intended outcome of the partnership for the future

To engage underserved youth in STEM and STEAM concepts through education enrichment.

Mission: Describe what you'll do and who you do it for under this partnership

This partnership will bring science, technology, engineering, and math (STEM) focused programs to minority youth who otherwise lack access – specifically, youth in grades 3 through 12 who find themselves unqualified for STEM focused schools and programs due to their living zone or because of financial and other economic barriers. This particular group of underserved youth will benefit from having a mobile laboratory come to their neighborhood, giving them the opportunity to participate in STEM learning environments. The CCSD ESSER III - OH STEM partnership will engage underserved youth through education enrichment.

Impact: Briefly describe the intended impact your plans for this partnership in meeting the academic, social, emotional, and mental health needs of students who have been most severely impacted by the pandemic in the Charleston County School District.

The CCSD ESSER III - OH STEM partnership will be an educational service provided to the Awendaw and Mt. Pleasant communities and neighborhoods in South Carolina that will serve as an additional extracurricular activity for children on the weekends and potentially weekday evenings. It will provide early exposure of science, technology, engineering, (arts) and math (STEM and STEAM) concepts to minority youth – those who are typically underrepresented, lack access to STEM programs due to school zoning, and lack the opportunity to be exposed to valuable knowledge and skills to help them succeed in the STEM fields. Motivated by the deficit of minorities currently within the STEM industry, the partnership will establish a solid foundation to improve the knowledge and understanding of STEM principles for this youth group. The provided exposure and education will serve as encouragement and motivation to pursue a post high school education in STEM areas of study to bolster the number of minorities working in the STEM industry.

Program Delivery Format

Check all that apply.

- 1-on-1
- Small Group
- Whole Class
- Workshop/Assembly
- Field Experience
- Workplace Student Internship/Apprenticeship
- After-school Programming
- Other: Mobile Lab

Program Frequency

How often do you meet with students?

- 1-2 times during the school year
- 1-2 times each semester
- 1-2 times each quarter
- Monthly
- Bi-weekly (every two weeks)
- Weekly
- Daily (or multiple times every week)
- Other:

Students Served

Estimated number of students that this program would like to serve this school year. If none, type "0."

10

Program History

How many years has your program been in CCSD schools?

Please only list a number. For example, 5. If less than 1 year or never before, enter 0.

0

Who is your main point-of-contact at CCSD?

Please indicate the name and department/school of your existing contact.

.....

Program Need

What specific student need(s) does this program/service address?

This program will serve as a mobile STEM after school program for underserved youth who find themselves unqualified for STEM focused schools and programs due to their living zone or because of financial and other economic barriers.

.....

How was the need(s) identified?

The needs that the OH STEM program addresses was identified through a combination of market research and the fun and educational inspiration of the multiple STEM summer programs that the founder attended at various colleges and universities in the Southeast as well as by her love of helping children experience the joy of learning.

.....

Program Impact

Student Impact

What is the impact of your program based on data?

- An independent evaluation (research study) has found our program to have a STRONG impact
- Our organization's data has found our program to have a STRONG impact
- Our organization's data has found our program to have a MODERATE impact
- Our organization does not have data to determine impact
- Other:

How will you measure the success of your proposal if implemented?

Each quarter (as to keep inline with the school system), an assessment will be completed by a third party on how OH! STEM programs have impacted the participating children's retention ability and grades/involvement in STEM related subjects in school. The results of that assessment will be used in developing future programs.

If you would like to share recent outcomes data, please upload a very brief executive summary.

Program Funding

Program Budget

What is the anticipated cost (your anticipated budget) to operate your program? If there is no cost, please indicate \$0.

\$544, 950

Funding Source(s)

What are the anticipated funding source(s) for your program/service? Check all that apply.

- No Funding
- Grants
- Donations
- Fee-for-Service (families/participants pay)
- Invoicing a Third-Party (e.g., Medicaid)
- Invoicing CCSD
- Other:

Funding Request(s)

If you plan to invoice CCSD, how much funding do you anticipate needing?

.....

What is your organization's staffing for the program/service?

Individuals will volunteer to provide services

Individuals will be paid to provide services

Both volunteer and paid

Other:

What CCSD resources (e.g., transportation, facility use, point-of-contact at school) would it take to implement the program?

Please be as specific as possible.

Transportation (mobile laboratory), funding

.....

Funding Plan

Describe your funding needs and the justifications for these resources including supervision, materials, transportation, etc.

Please provide your proposed budget using the format in the sample shown here.
