

BYOD Certificate Instructions

MACBOOK Instructions

Step 1: Connect to Guest_CCSD Wireless Network, Select Staff/Student.

Step 2: Read and accept terms.

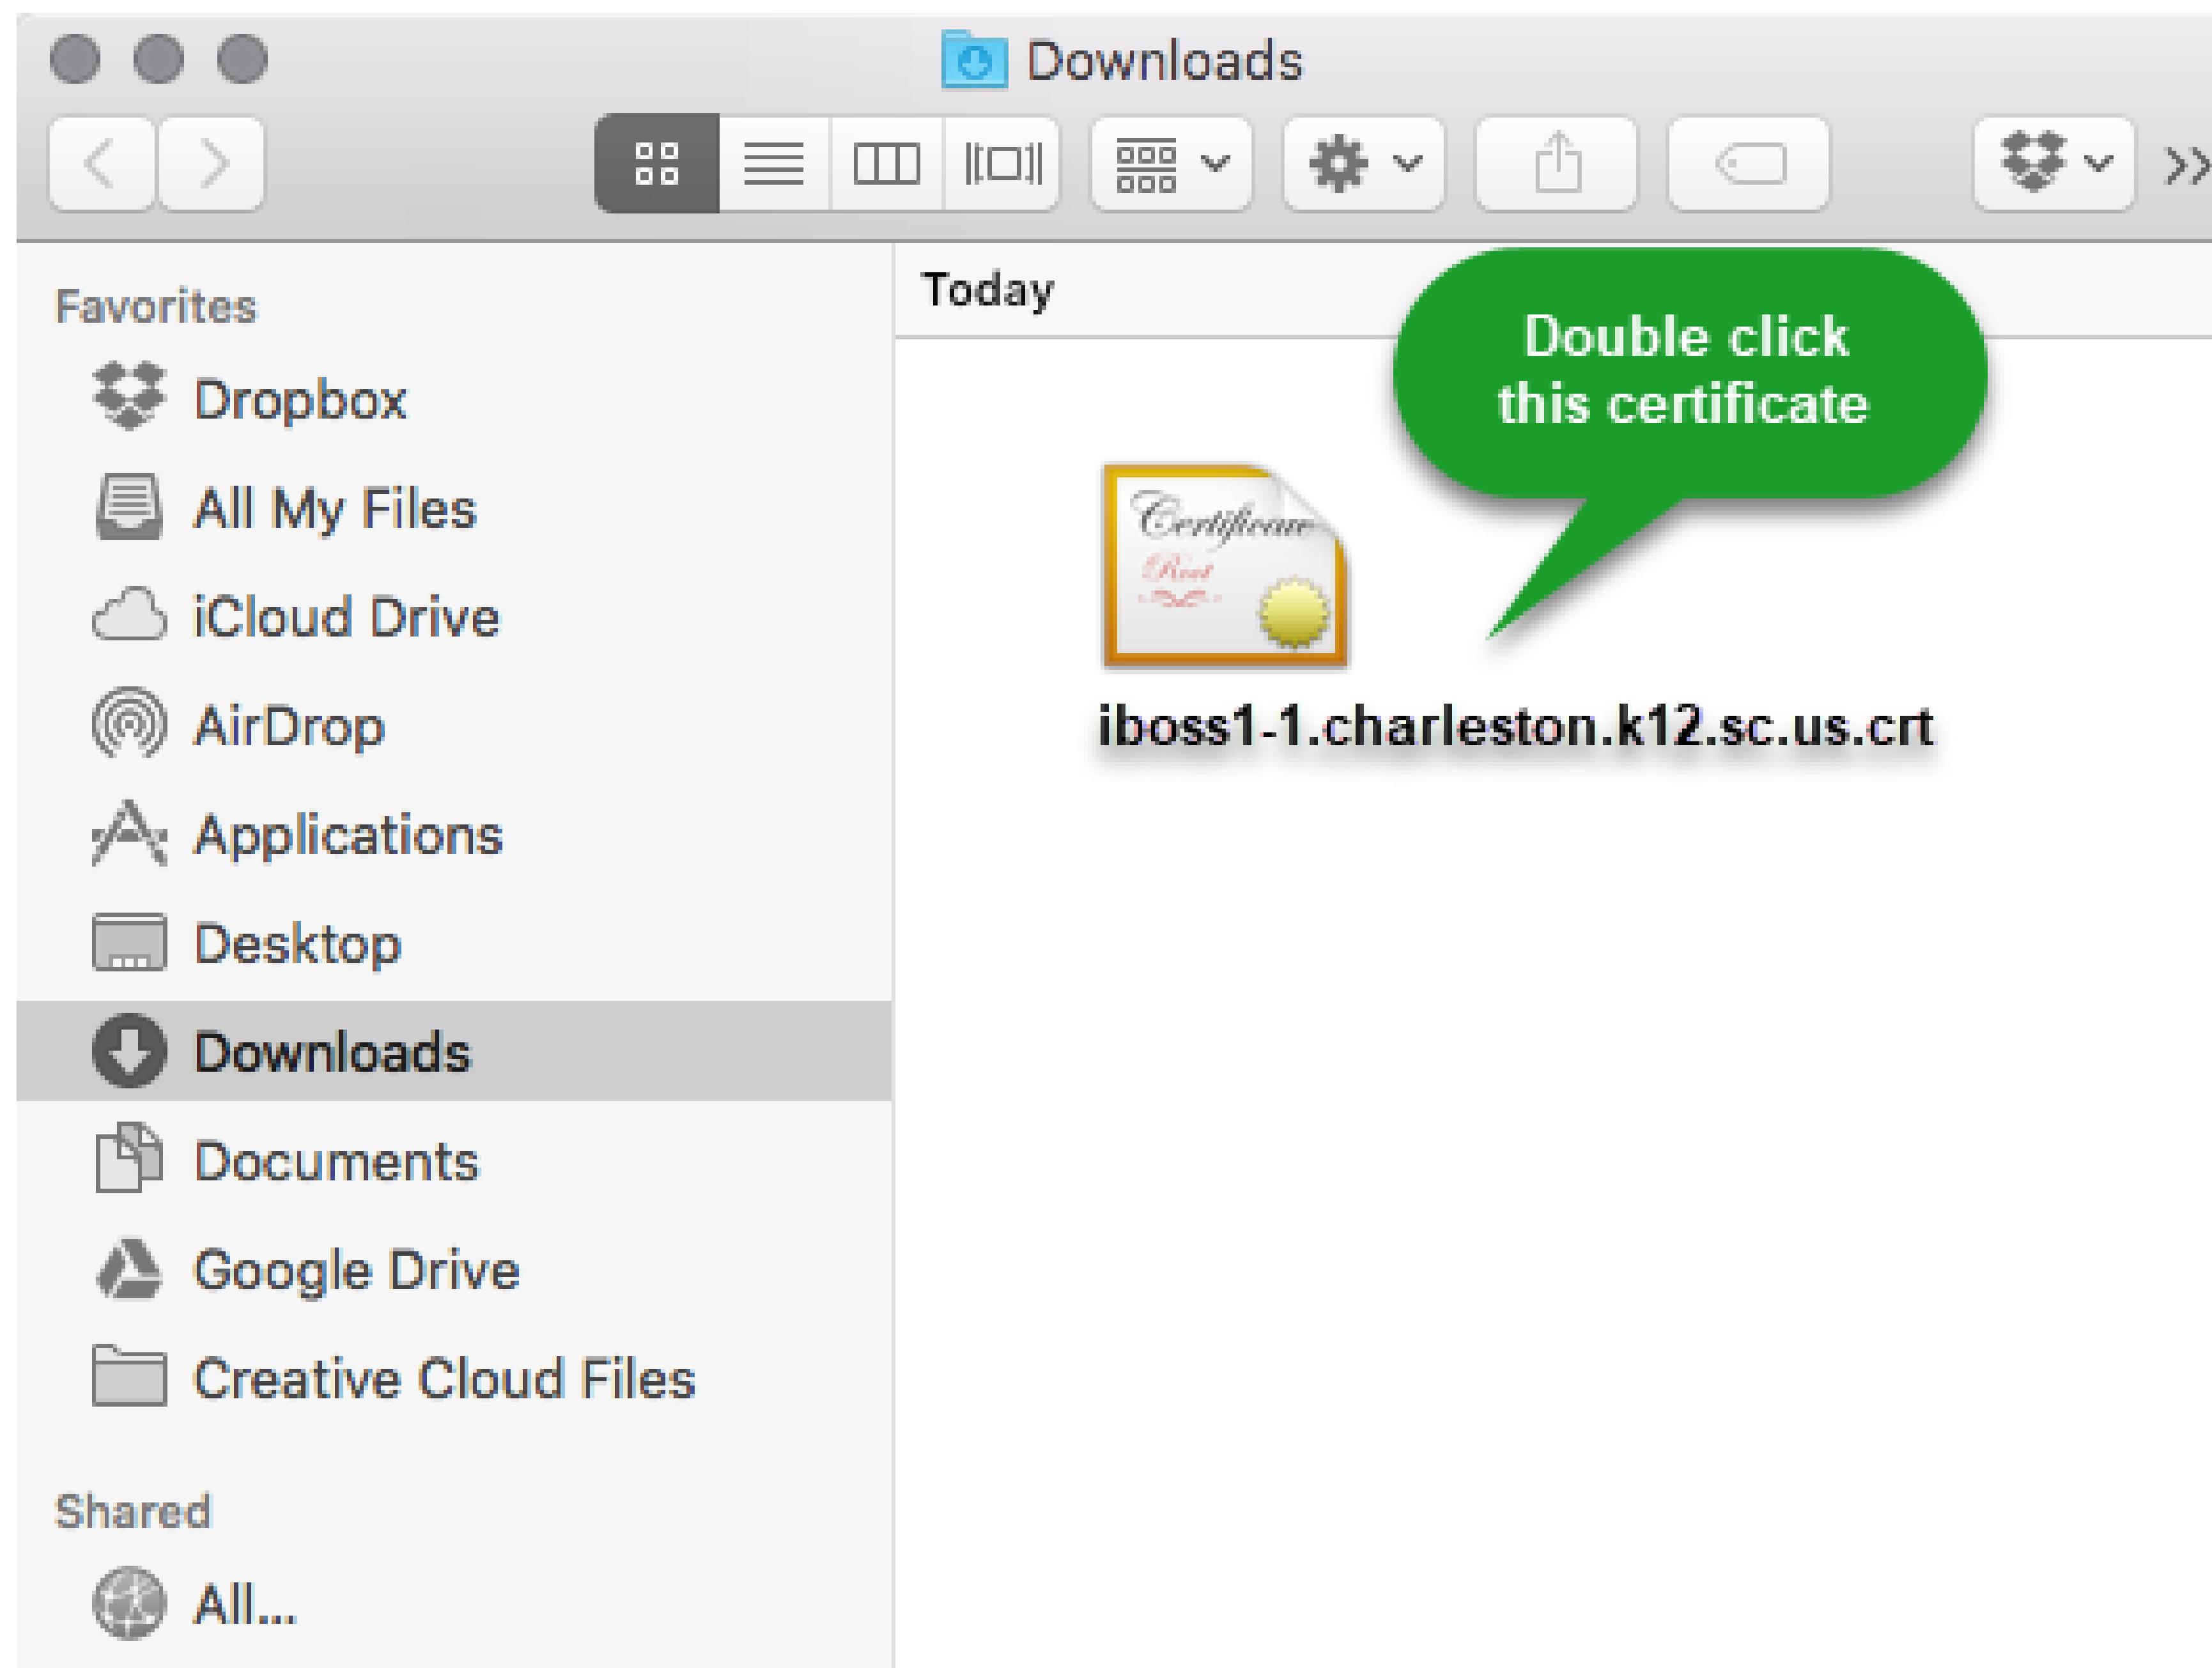

Step 3: Enter your CCSD username and password, then press continue.

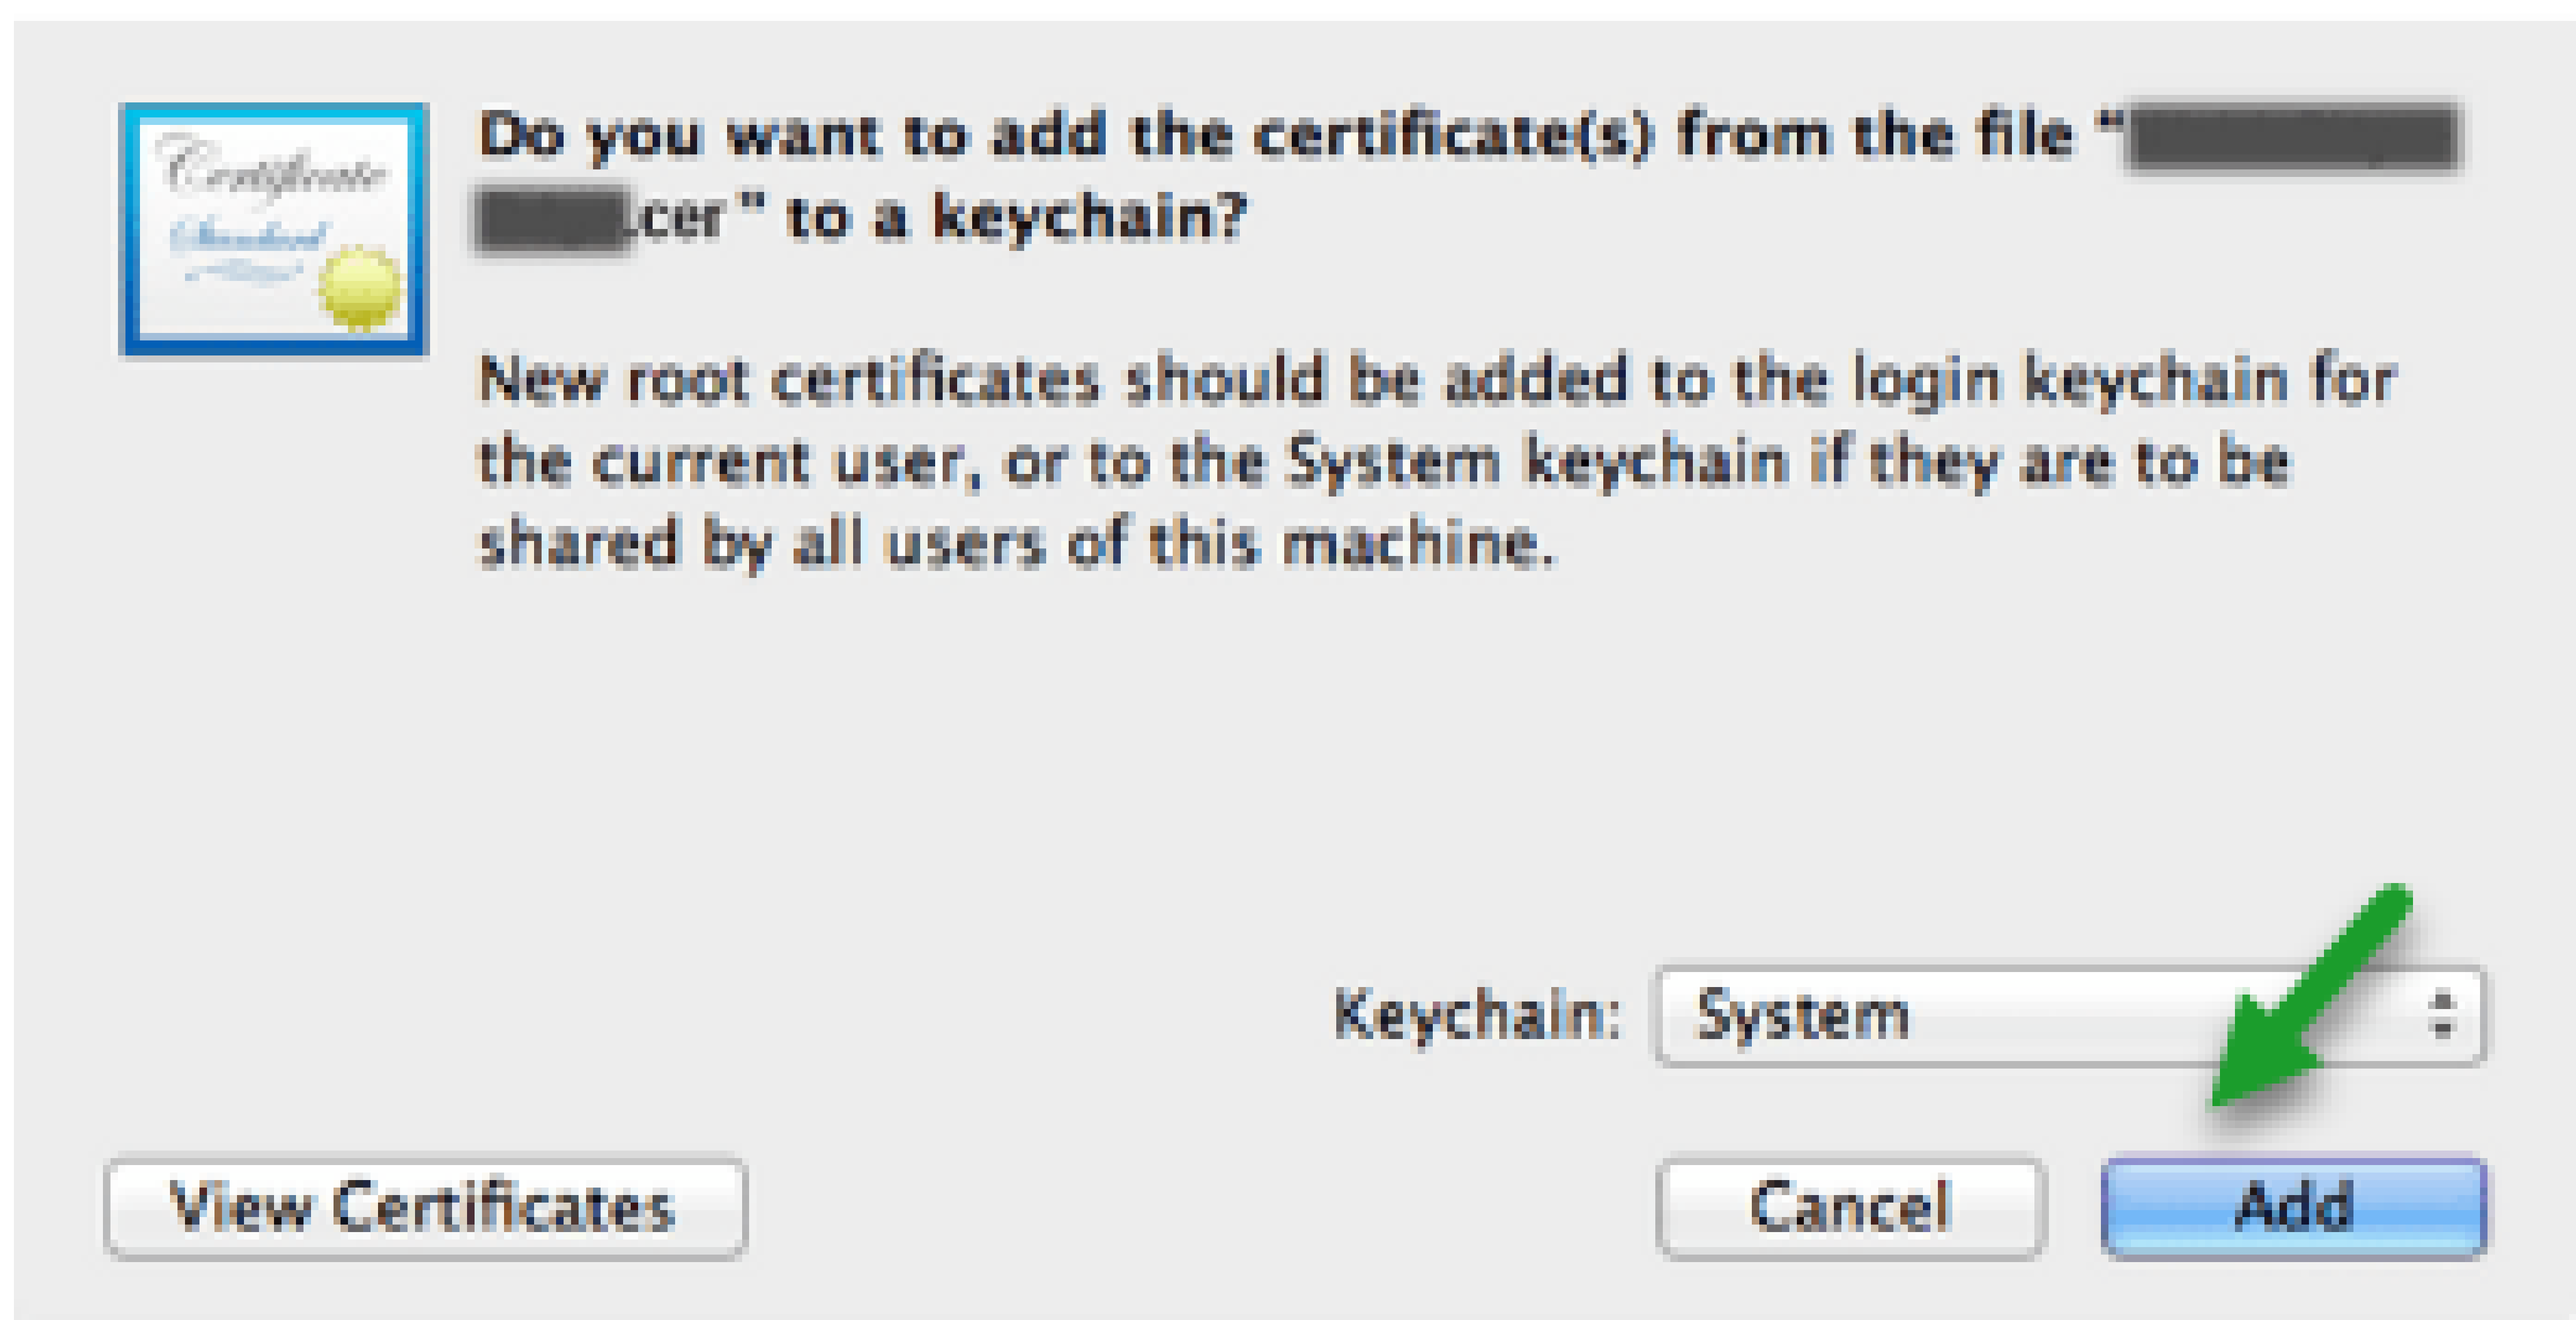

Step 4: **Do not click Download.** Scroll to the bottom of the next page and press **Continue.**

Step 5: Go to <http://iboss1-1/cert> in a web browser and the certificate will download automatically.

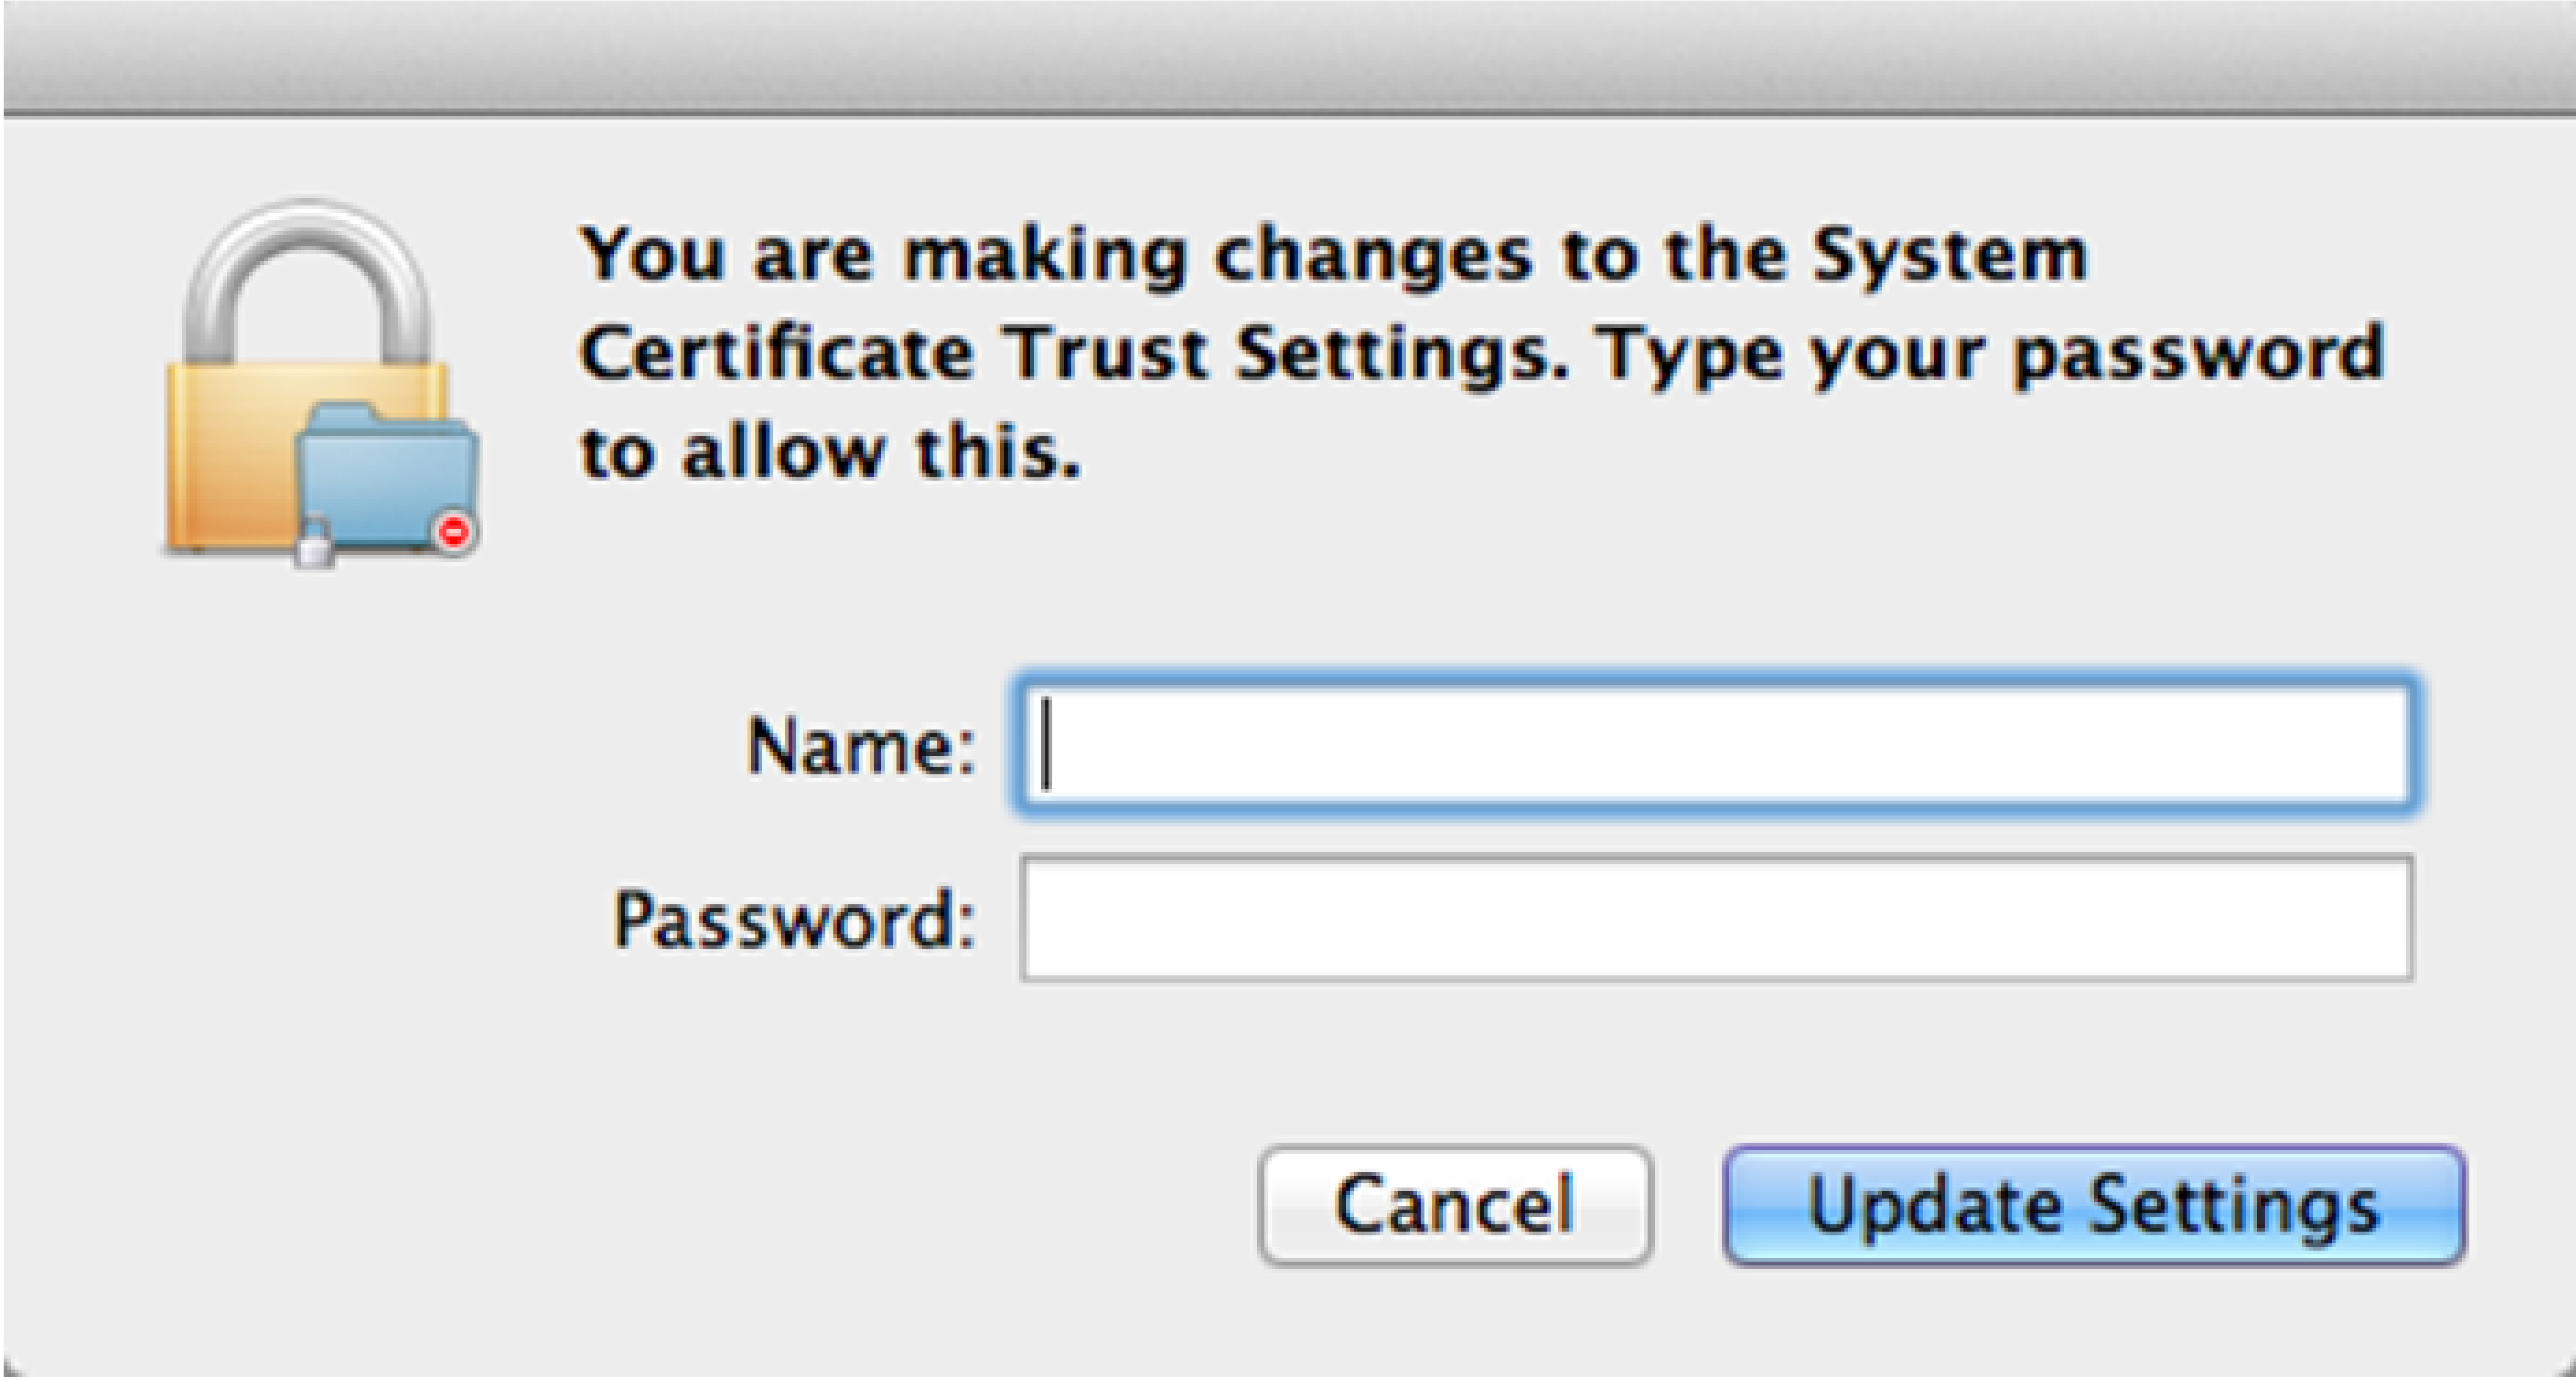

Step 6: When the certificate finishes downloading, it will appear in your default Downloads folder; double click it.

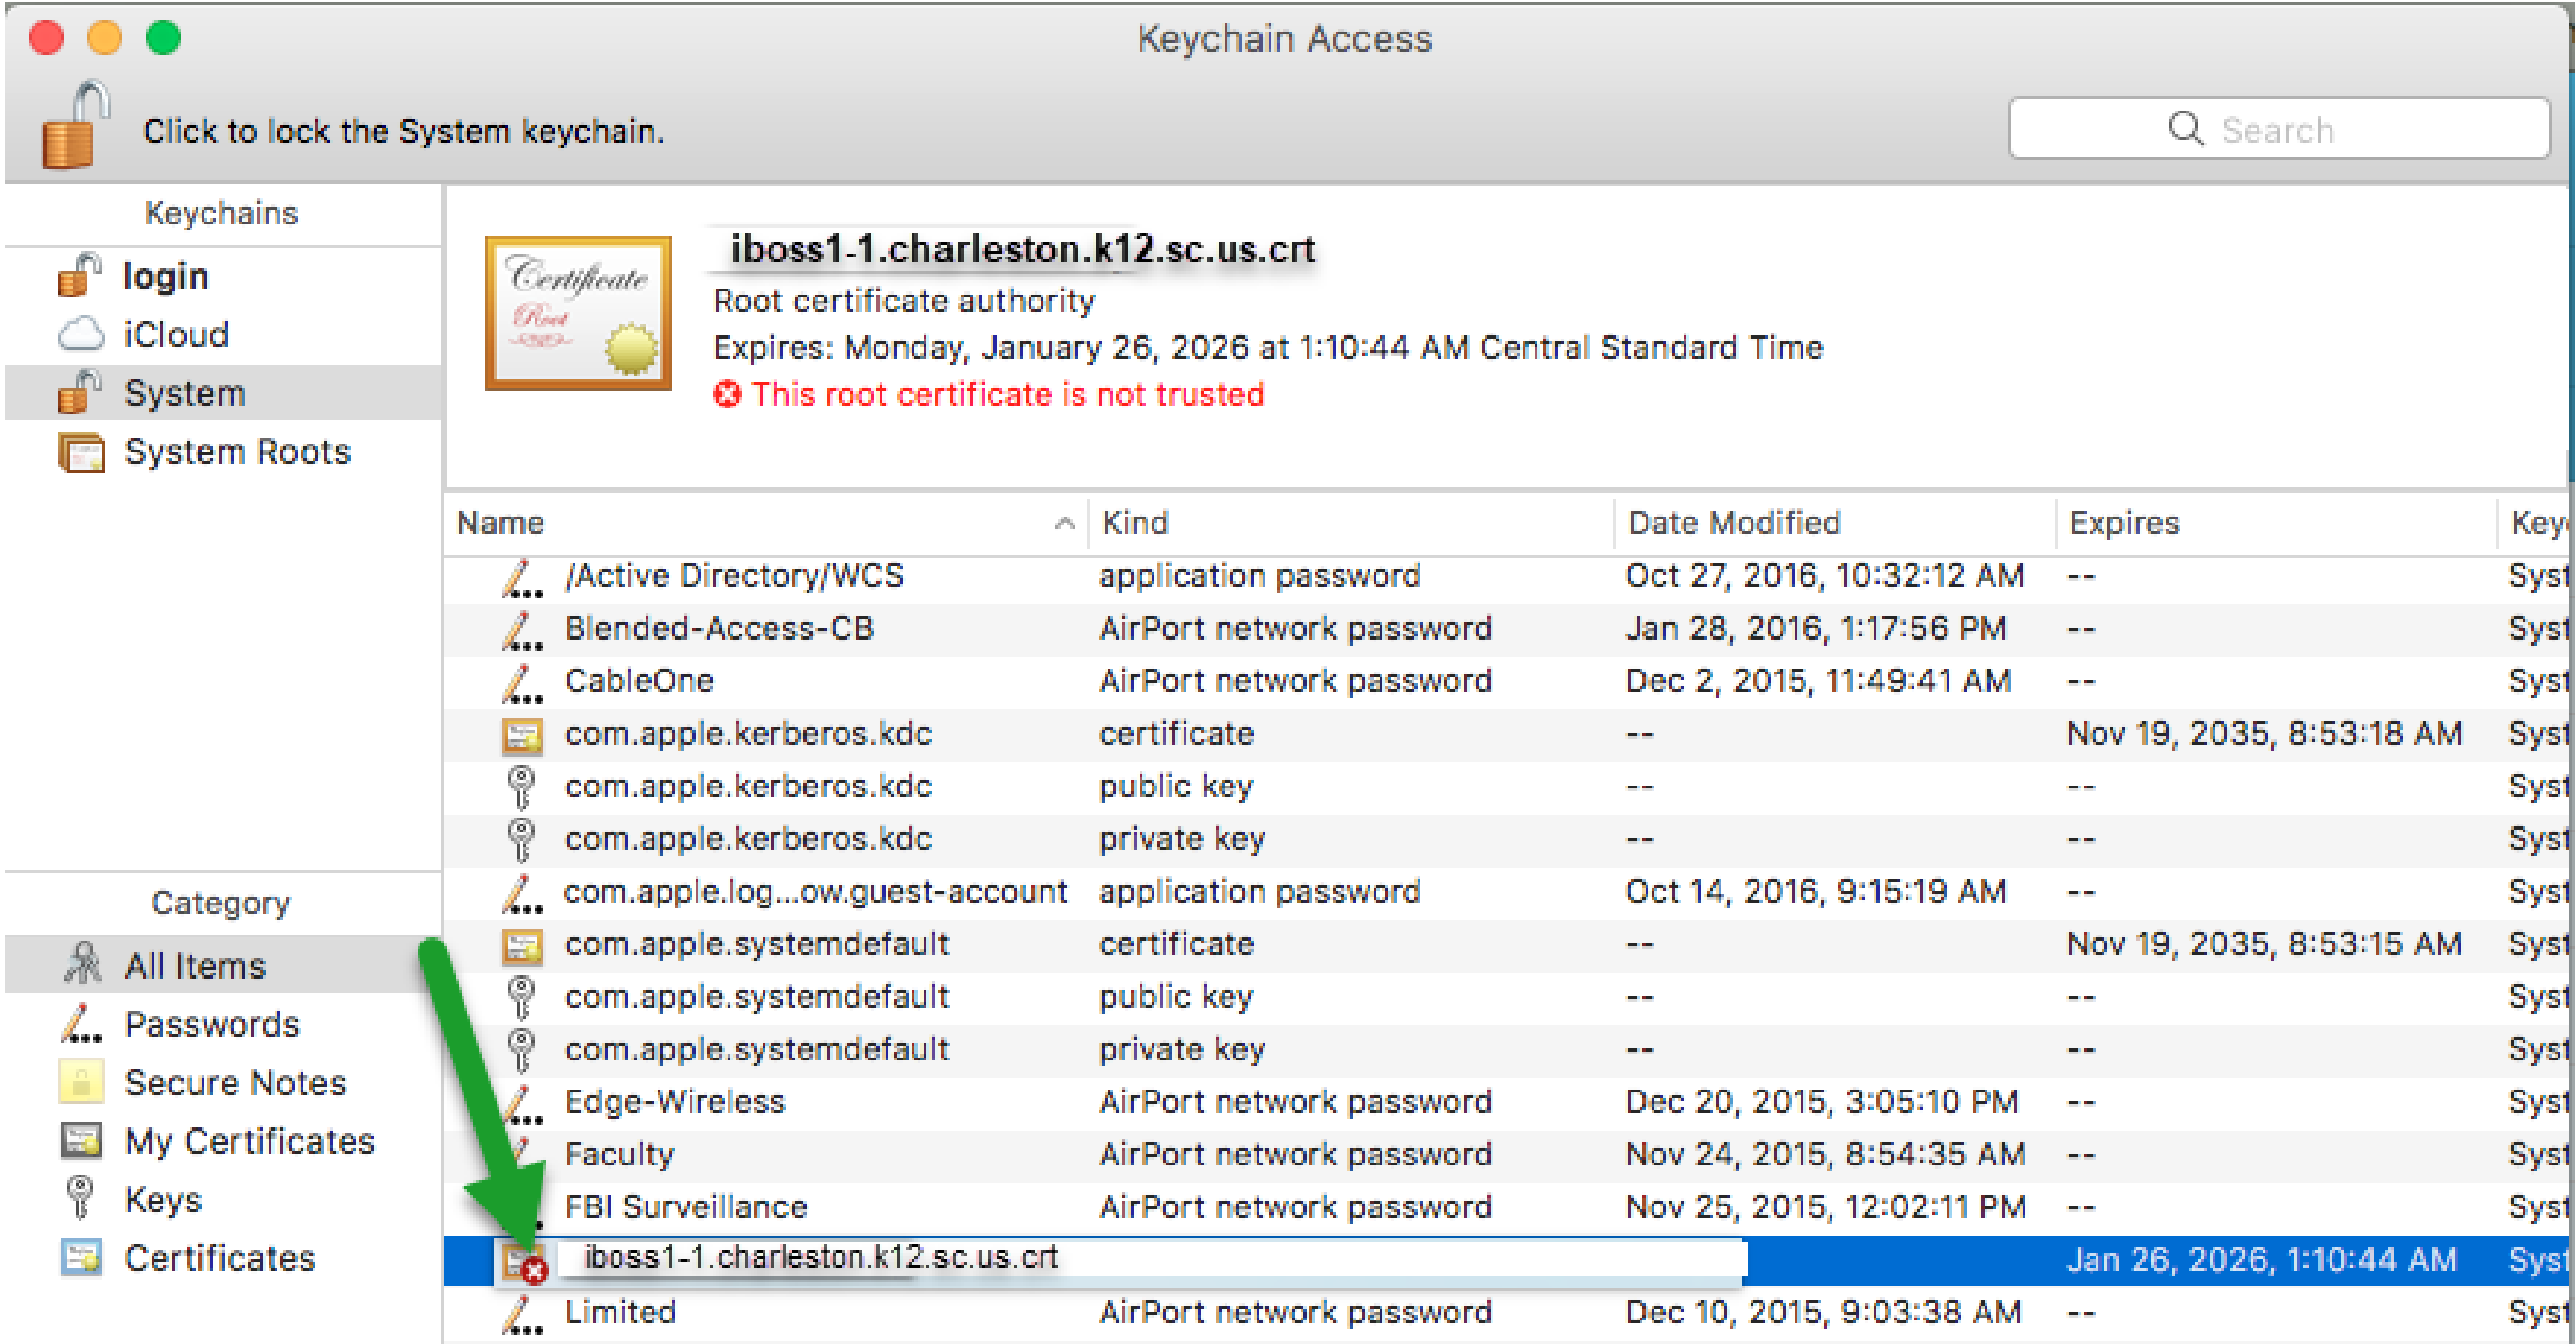

Step 7: The Keychain Access folder will open and the below popup may be displayed. If so, verify that **System** is selected and click **Add**.

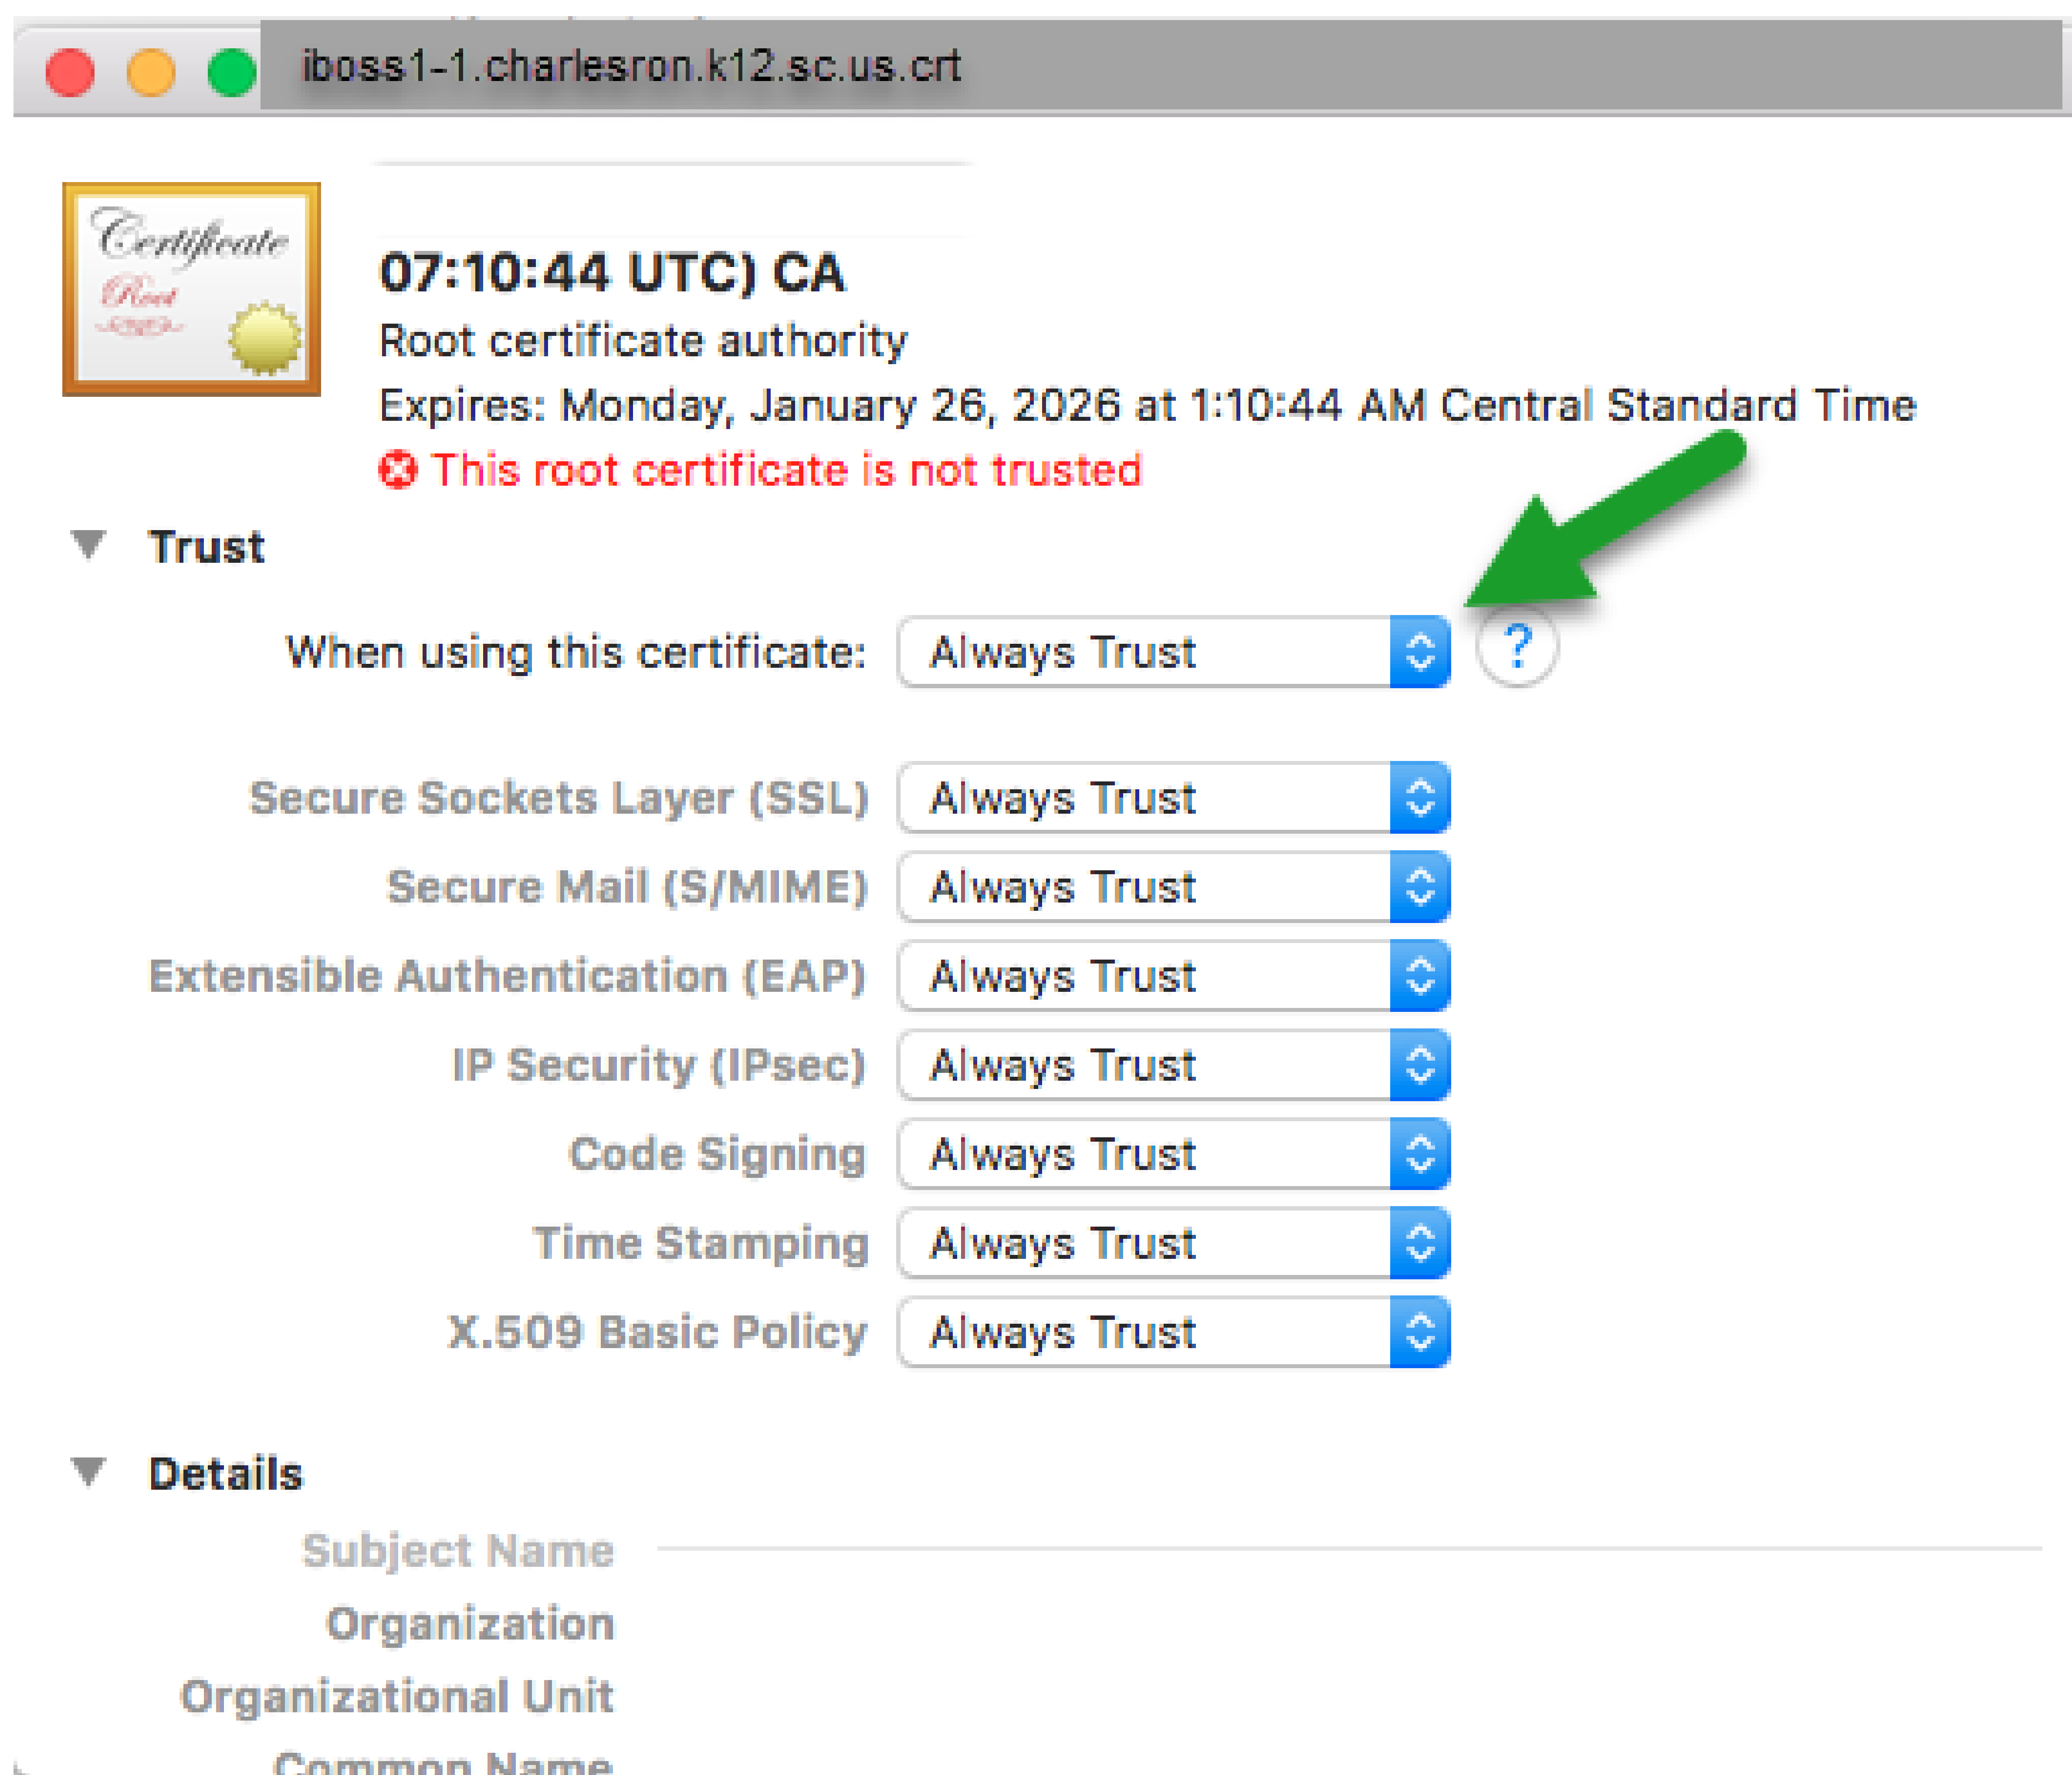

Step 8: Next, you might be prompted to enter in your Macbook's login credentials. After entering your login information, click **Update Settings.**

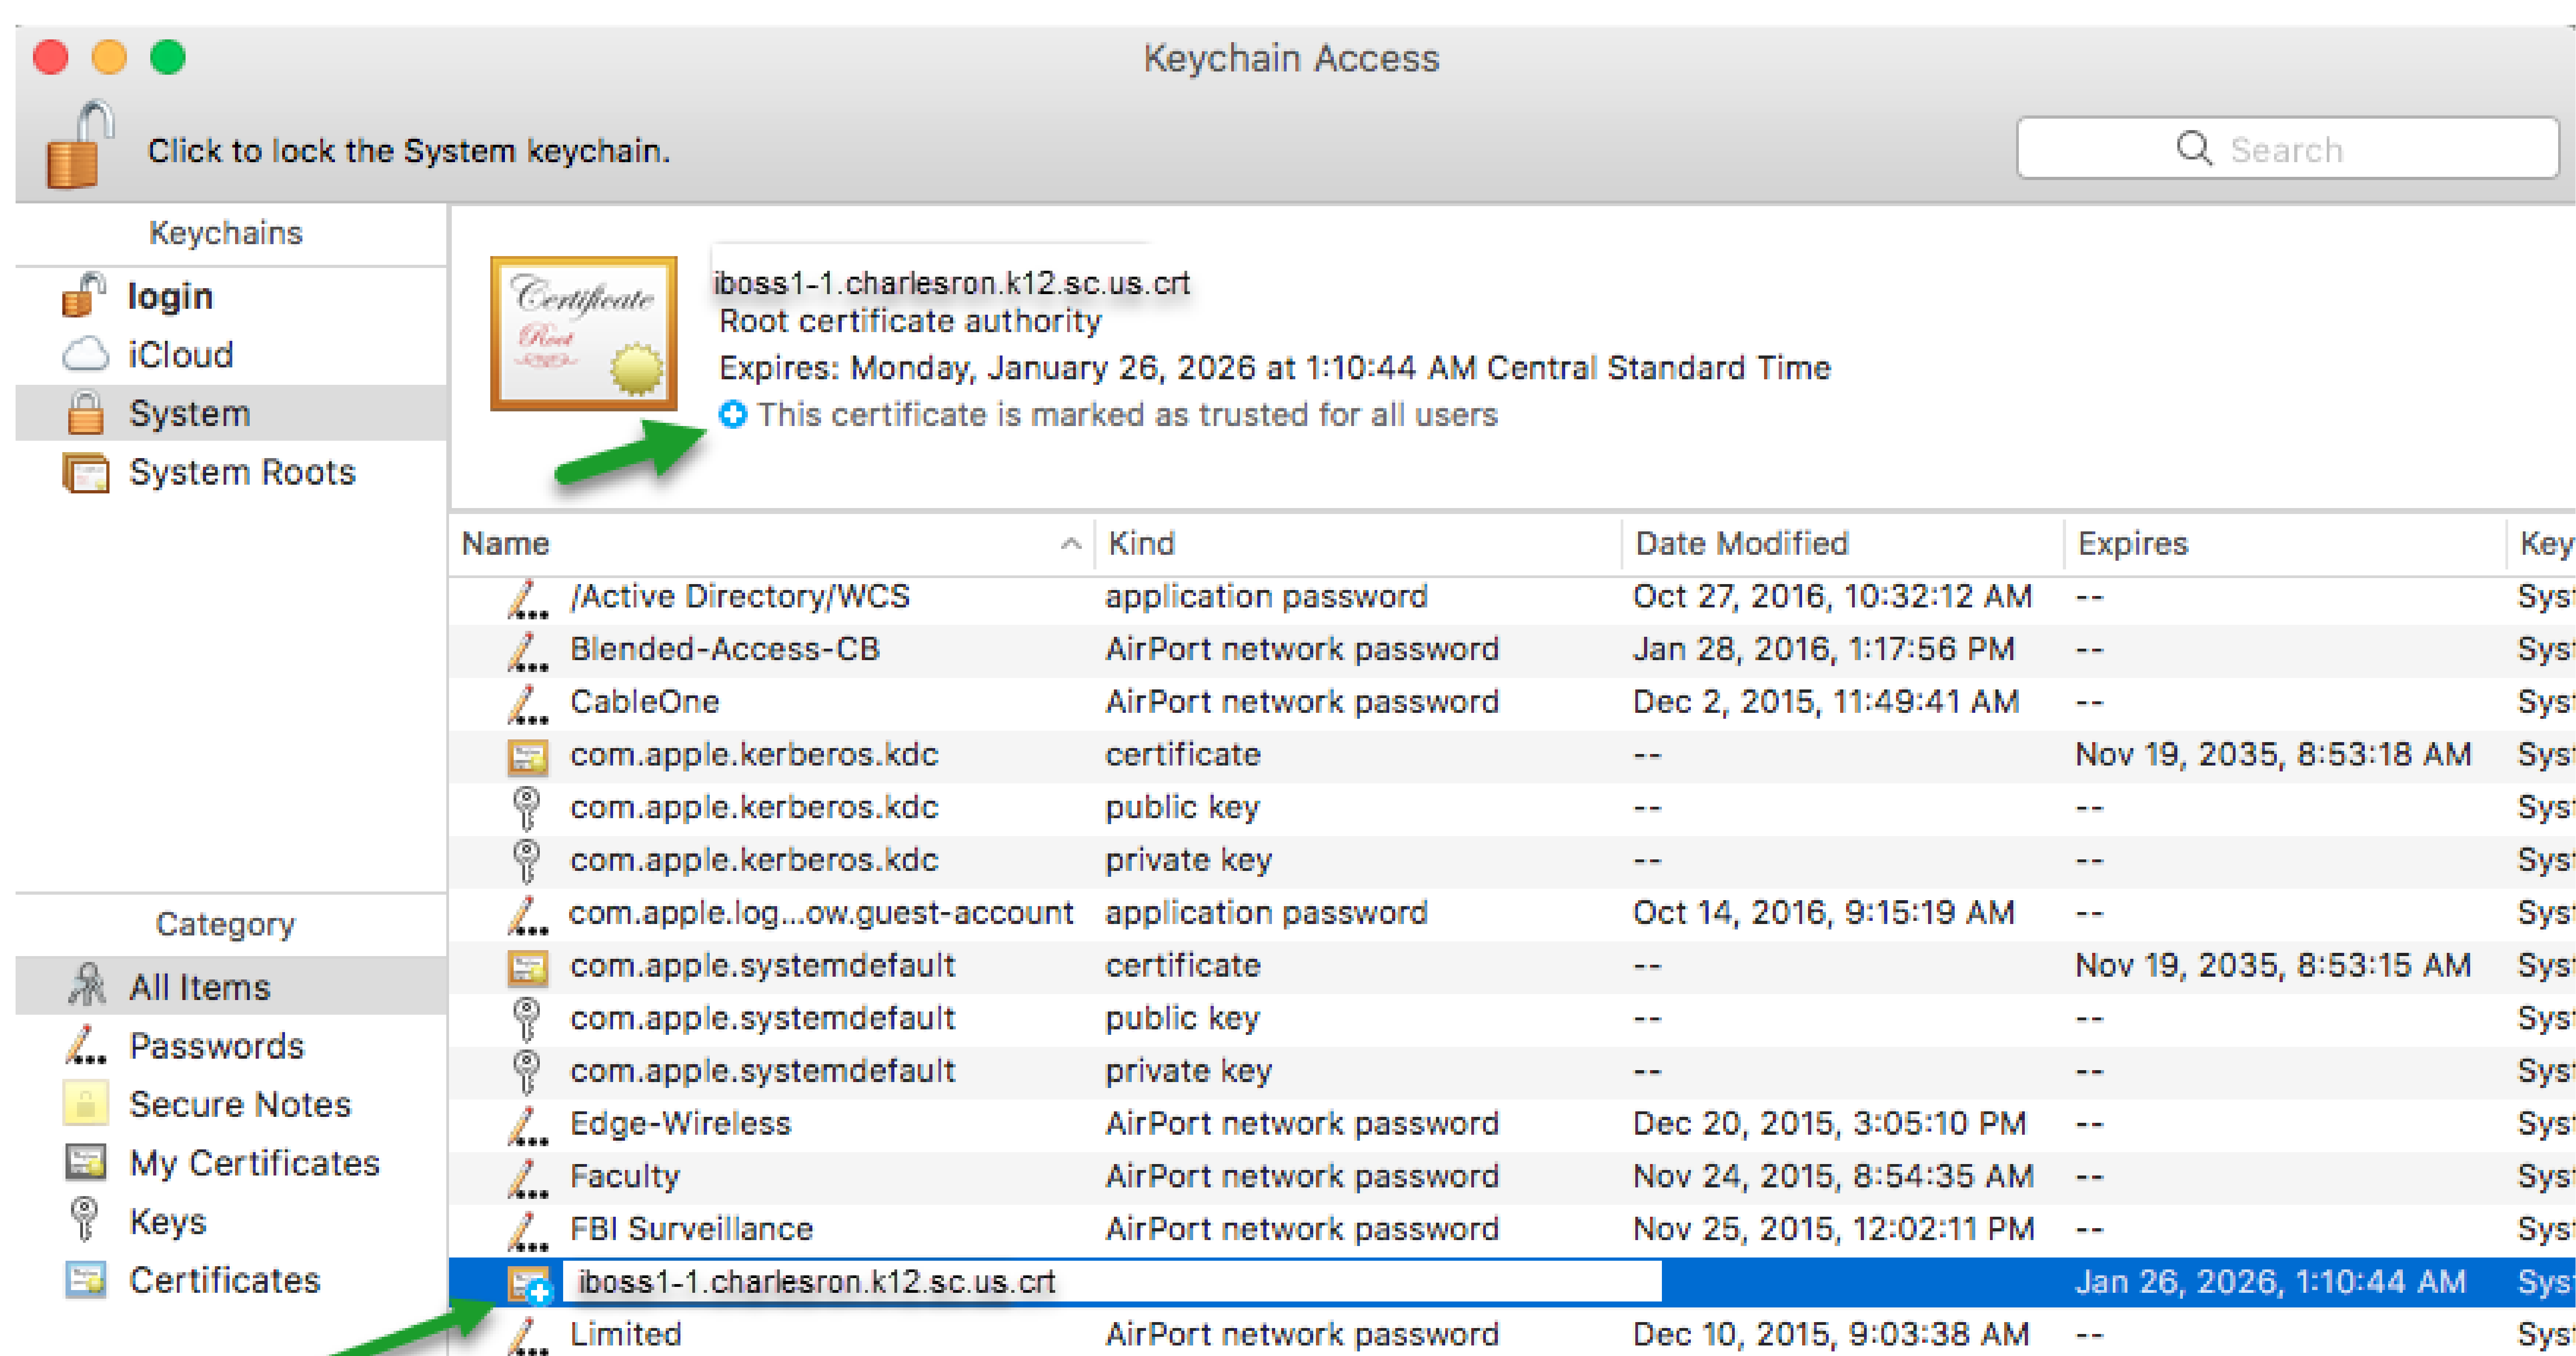

Step 9: Find **iboss1-1.charleston.k12.sc.us.crt** and double click to open..

Step 10: Make sure "**Always Trust**" is selected in the dropdown next to *When using this certificate*.

Step 11: You should now see a blue "+" right next to the certificate.

Step 8: You're all done.

Have a Great Day!!
