

Earlier this year, Jennie Moore sent out the JME Virtual Learning Parent Survey 2020-2021. We asked families what online resources they were using to help during virtual learning. Below, you will find a list of resources our families reported using this year varying from review to enrichment.

\*Note that these resources range from being free to having limited app access. Others require a monthly membership fee or a school-issued Class Code or Canvas / Google Classroom account. Please check the individual websites for details.

\*\*In addition, some of the websites and apps may contain advertisements that your child will see or links that can take them away from the intended educational app or website. Please always monitor online usage to assure internet safety.

	RESOURCE	GRADE	SUBJECT	WEBSITE/ APP/ BOTH	COST
	<u>ABC Mouse</u>	PK-3	All	Both	\$
