AMHS boys' soccer recognized for academic success!

North Charleston, SC — Academic Magnet High School is proud to announce the 2022 boys' varsity soccer team, led by head coach Dr. Jason Hamil, had the highest team grade point average (GPA) out of all the boys' soccer teams affiliated with United Soccer Coaches. The Raptors' collective GPA was 4.81.

"This is a great reminder that our minds and our bodies aren't somehow isolated from each other." said Principal Jacob Perlmutter. "Coach Hamil has high expectations for these young men and this is a recognition of a whole team stepping up to meet those expectations on the field and in the classroom."

This is the second year in a row and the sixth time in ten years the Academic Magnet boys' soccer team has the highest GPA in the nation, including four of their five state championship seasons (2012, 2015, 2017, and 2018). This is also the 18th year the Raptors earned the United Soccer Coaches' Team Academic Award.

"I do my best to emphasize education and model lifelong learning. This award means that the boys are also doing their part during their fall and winter seasons!" added Dr. Hamil. "This accomplishment is very rewarding."
