Welcome Raptor Football Staff for 2022

Academic Magnet High School is excited to announce our Raptor football coaching staff for the 2022-2023 season.

Mr. Ernest White, Head Football Coach

Coach White has worked with the AMHS Raptor squad as an assistant to Coach Kamp for the past three years. In addition, he has over thirty years experience coaching football all over the lowcountry as a defensive, offensive, and head coach. He is most excited about the opportunity for athletes to face the challenges of a new season with a promising crop of recruits mentored by our seasoned veteran players. Coach White said, "football is a true team sport that builds togetherness and a lifetime of friendships." He looks forward to working with new coaches and players in the updated weightroom and on the field, and can't wait to see the energy from our Birdcage student section Friday night games!

Mr. Stuart Walters, Assistant Coach

You will probably recognize this lifetime Raptor... Coach Walters was a record breaking player at AMHS and went on to play college football at Johns Hopkins University and semi pro football before returning to Charleston. In addition to his years of playing experience, Coach Walters has coached football for two years. He's excited to get an opportunity to be back on the Raptor team where he cites the most important lesson he learned as, "you can't get back a missed opportunity." He's looking forward to helping athletes learn important life lessons and skills. Off the field, Coach Walters is an engineer, in his free time he enjoys riding atv's, jetskis, and spending time with his son.

Mr. Austin Miller, Assistant Coach

Coach Miller brings over ten years of experience as a defensive coach to the team, including time at Porter Gaud and West Ashley High Schools, as well as defensive coaching in Kalamazoo Michigan. Mr. Miller is excited to join the team and “experience the home field advantage I’ve heard so much about.” Several of Coach Miller’s previous players have been recognized with All-state and All-region awards. He believes that the game of football can teach about being a good person and the best version of oneself. Coach Miller is looking forward to working with student athletes as they learn challenging lessons about who they are and who they can become through the game of football! Off the football field Coach Miller loves his job as a Social Studies teacher and also hunting quail, fishing, and being a great dad.

Mr. Andrew Price, Assistant Coach

Mr. Andrew Price, returns as an AMHS Raptor assistant coach. In his fifth year coaching AMHS football, Coach Price is a long-time devoted member of our Raptor football program. He is excited about the opportunity to teach life skills, “such as teamwork, discipline, and communication” to both new and returning players. In reflecting on lessons learned from the sport, Coach Price said he is reminded that “life is not about oneself, but requires communication between multiple aspects of the game” adding, “a team is only as strong as the bond between the players on the field.” He is most excited about getting to know the “brightest students in South Carolina” and seeing their transformation through football. In addition to coaching with AMHS, Coach Price also performs as a double bassist with orchestras around the state. He likes to travel with his wife, hike, scuba dive and see the world.
