

Attention!

8th Grade Parents and Learners

It's time for your Individual Graduation Plan (IGP) Meeting!

An **Individual Graduation Plan (IGP)** is required for all 8th Grade learners before entering high school. It is a document that travels with students throughout high school and is reviewed each year as students progress. IGPs assist parents and learners in exploring future aspirations and setting post secondary college/career goals. We will discuss general graduation requirements and your learner will select a career cluster/school of academy, such as information technology or hospitality and tourism, to assist with future course selections in high school. We will also examine individual abilities, interests, and personal experiences. Learners and parents will be invited to review this document each year with a school counselor to make adjustments and set new goals.

Beginning in December 2020, the school counselors at CE Williams will send you and your learner an invitation to the meeting with a specific date and time. These meetings will take place over the phone or virtually and will last approximately 30 minutes. If you are unable to attend the meeting, please contact the school counselor to reschedule. Meetings will be held without a parent or guardian if there is no contact attempt to reschedule.

***Our goal is to complete all IGP Meetings for 8th Grade learners by
May, 3rd 2020!***

All parents are encouraged to attend these meetings as school counselors will review and answer questions about high school graduation requirements, high school choice options, career/college options, scholarships, Naviance, and more.
