

James Island High School Supply List Information

There is not an official supply list for high school grade levels as most teachers will communicate supply needs for students in their course syllabus at the beginning of the class. Please check all syllabi your child receives for supply information.

We would recommend purchasing the basics prior to school starting (i.e. notebooks, pens, pencils, etc.) to be prepared for the first day of classes.

However, there are a few subjects listed below that have shared the necessary supplies needed:

Spanish/French 1 and 2

- 3-ring binder with 6 dividers
- Loose-leaf paper
- Pens and/or pencils
- Spanish/English dictionary or Practice French over the summer with the app Duolingo
- Highlighters
- Colored pens
- Erasers

Social Studies

These are basic supply lists for *some* of the classes in the SS department at JICHS. Individual teachers may have additional requests which will be communicated to you via their individual syllabi.

- Highlighters
- Notecards
- Notebook paper
- Pens
- Folders or something for notes and handouts

All teachers in our department would appreciate the following housekeeping supply items below.

- Disinfecting wipes, hand sanitizer, tissues, paper towels, disinfecting spray (aka Lysol)

Mathematics

- A TI83, TI84 or Casio graphing calculator is strongly recommended.
- 2 inch 3-ring binder
- Notebook paper and graph paper
- pencils

All teachers in our department would appreciate the donation of the following housekeeping supply items below.

- Disinfecting wipes, tissues, paper towels, disinfecting spray (Lysol)

Welcome to James Island Charter High School Science!

We look forward to teaching you this year! We have a lot of great activities planned to help enhance your learning. Please bring in the following supplies on the **FIRST DAY** of class so we can begin **LEARNING** immediately!
