April 2022

## Virtual Career Day

April 20th

We need YOUR experiences to make it great! Whether you are a nurse, mechanic, custodian or business owner- we need you! If you are interested in creating a 5-10 minutes video. Contact Tonya\_Small@charleston.k12.sc.us for info. YouTube uploads are preferred.  
Deadline April 18th

### Example and tips for creating your video

Tell students what you do.  
What is it like working in your line of expertise?  
Did you go to college? Did you need any training? If so, what was that like?  
Props and illustrations are always a plus, be creative!

## Guidance Updates

This month we will focus on controlling impulses during small group and classroom guidance. Impulses are a sudden wish or desire that makes a person want to do something. Scholars will learn that poor choices result in negative consequences. While we may have a thought, it does not mean that we should act upon them.

What Were You Thinking? by Bryan Smith  
Soda Pop Head by Julia Cook  
What Should Danny Do? Ganit & Adir Levy

## Spring Testing

Spring testing begins April 26th.  
Guidance will provide helpful testing strategies for grades 3rd - 5th. Parents can help by implementing a few of these helpful tips.
