Laing Middle School of Science & Technology

LEAP DAYS (August 31-September 4)

Class schedules and back-to-school information packets have been prepared and may be picked up during our LEAP Day orientation. Grade level teachers have reached out to families to schedule an appropriate day and time for students and 1 adult to come into the building during that week. If you have not yet received an email from your child’s teacher, with this information, please email kim_holmes@charleston.k12.sc.us.

During the LEAP Days will be three separate entrances, one for each grade level. Entrance for all grade levels will be at the front of the building (car rider loop-facing Jennie Moore Elementary). Any individual that comes into the building MUST wear a face mask.

Upon entering the building, you will pick up a fact and fee packet, your schedule and turn in your emergency nurse card which will be mailed to you to be completed in advance. You will then report to your assigned classroom.

During this orientation, students and parents will be able to receive iPads, set up devices, learn about the learning management system being utilized, understand student schedules, and receive other pertinent information.

All 6th grade students and any 7th and 8th grade students new to Laing will report to the media center, after they have completed their time in the classroom, to have their photo taken for their Student ID.

Any students that are enrolled in Orchestra, Band or Chorus will then need to report to that classroom to pick up their instrument and/or collect other information.

On-line Student and Technical Fee Payments

We request that all families use the online payment service in order to maintain social distancing during these days. Please remember to print out a copy of your payment receipt or have a copy of your receipt electronically when you come to school. The online fee payment system may be accessed from the school website (http://laing.cosdschools.com) and you may pay with debit or credit cards. The online payment link is located on the right side of the main page under quick links. There are two fees (student fees and technology fees) for the school year. The student fees are $45 per student. Students that qualify for reduced lunch have a reduced fee of $22.50. Students that qualify for free lunch status may request a fee waiver. The technology user fee for the coming year will be $35 and required by all students taking home the device. If you choose to wait and pay student fees at school, we will be able to accept cash or check.
