

# Children & Youth Initiative Flu Clinic

The best way to prevent the flu is to get a flu vaccine. You can get a flu vaccine from your

health care provider, county health department or a local pharmacy. Everyone 6 months or older should receive a yearly flu vaccine.

Due to COVID-19 we are unable to hold Traditional School Located Vaccine Clinics. In an effort to accommodate school age children we will be holding the following clinic(s).

## Northwoods Health Department

2070 Northbrook Blvd A-20, North Charleston, SC 29406

**Saturday - Nov. 7th from 9 AM -2 PM**

(843) 953-4300

## Mt. Pleasant Health Department

1189 Sweetgrass Basket Pkwy #100, Mt Pleasant, SC

**Friday - Nov. 6th from 2 PM - 6 PM**

**Saturday- Nov. 7th from 9 AM- 2 PM**

(843) 953-0038

All 3 clinics will be walk-ins, no appointment needed. Parents and children need to stay in their cars and call when they arrive to receive the flu vaccine. The main focus are school age students (elementary, middle and high), however, they will give the flu shot to the parents if they ask for it. There is no cost for the flu shot, but we do accept insurance.
