

# The 2020-2021 School Year: Fall

## PROTECT AND RESPECT

**We all know there is no replacement for the value of students receiving in-person, classroom instruction.** As we navigate this everchanging landscape, our focus is on protecting the health, safety and wellness of students and staff while providing the best possible education.

To maintain consistent guidelines and messages, we are asking everyone to remember the **Four Ws**. We encourage you to do the same at home to reinforce the importance of staying healthy and safe.

By being flexible and working together, we can make the most out of this school year. We ask that students wear masks to help protect themselves, classmates, teachers, staff, friends and family. We also don't allow anyone to make fun of someone's mask or anyone wearing a mask. Should your child feel sick, he or she should stay home. Thank you for your support and cooperation.

## Remember the **FOUR Ws**:

### **WEAR** WEAR A MASK

- Masks are worn to help protect each other, especially when other social distancing measures are difficult to maintain
- Never make fun of anyone wearing a mask

### **WASH** WASH YOUR HANDS

- Use soap and water; scrub for 20 seconds
- Rinse well
- Dry with a clean towel
- When you can't wash, use hand sanitizer for 20 seconds

### **WHOA** DON'T TOUCH YOUR FACE

- Help stop germs and bacteria from getting in your eyes, nose and mouth.

### **WATCH** WATCH YOUR SPACE

- Practice social distancing
- Stay a safe, respectful distance when possible
- Avoid crowds of students
- Don't crowd common areas and stairways

**PROTECT AND RESPECT.** Remember the **FOUR Ws**.
