Who: Parents, school staff, and community members are encouraged to attend. Media outlets are welcome as well.

What: Students at Lambs Elementary School are receiving a “new way to play.” As part of the “Week of Play,” which is April 9-13, 2018, The CarMax Foundation and KaBOOM!, the national nonprofit dedicated to giving kids the childhood they deserve by bringing play to those who need it most, are partnering to provide the school with a Rigamajig. Rigamajigs are large-scale building kits used for hands-on free play and STEAM (Science, Technology, Engineering, Art, and Math) learning. To learn more about these building kits, please watch this [video](#).

The celebration at Lambs, including the surprise reveal of a Rigamajig kit, is during the Month of the Military Child, and will be one of several events happening across the country. Rigamajig is one of 10 signature play products that will be provided to child-serving non-profits during the “Week of Play,” which will help provide more than 17,000 kids across the country access to balanced and active play they need to thrive. Longtime national partners KaBOOM! and The CarMax Foundation are working together to bring new play opportunities to communities in which military families live and work.

Where: Lambs Elementary School, 6800 Dorchester Road, North Charleston, SC 29418

When: Friday, April 13, 2018 at 9:00 a.m.

For more information about the reveal, contact Principal Jarmalar Logan at (843) 767-5900.

About the Charleston County School District

Charleston County School District (CCSD) is the second largest school system in South Carolina representing a unique blend of urban, suburban, and rural schools that span 1,000 square miles along the coast. CCSD serves more than 50,000 students in 86 schools and specialized programs. With approximately 6,100 employees district-wide, CCSD is the fourth largest employer in the region.

CCSD offers a diverse, expanding portfolio of options and specialized programs, delivered through neighborhood, charter, magnet, IB (international baccalaureate), and Montessori schools, and is divided into three Learning Communities. Options include specialized programs in science, engineering and mathematics; liberal arts; music

and other creative and performing arts; career and technical preparation programs; and military and other public service enterprises.
